EXPENDITURE EXPLANATION

There is no anticipated direct material effect on state governmental expenditures as a result of this measure. The Department of Public Safety indicated this legislation would not result in an increase in expenditures since most evidence collected relating to homicide, rape, or armed robbery remains with local law enforcement.

The proposed legislation may result in a increase in local fund expenditures related to the storage of evidence collected in relation to the investigation, prosecution, or adjudication of any homicide, rape, or armed robbery. Law enforcement agencies and/or clerks of court may incur additional costs by construction of storage facilities to store the evidence since it cannot be destroyed.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
