DIGEST

SB 215 Original | 2017 Regular Session | Tarver

Present law provides relative to admission and enrollment requirements for each type of charter school.

Proposed law provides that, notwithstanding present law or any process or policy adopted by a local education agency, a charter school with a foreign immersion language mission may modify its application and enrollment procedures and directly enroll the child of a faculty member who is recruited from a foreign country to teach in the school, provided the child meets all mission-related admission requirements. Further provides that such child will not be counted when determining the enrollment capacity of a program, class, grade level, or school.

Effective upon signature of the governor or lapse of time for gubernatorial action.
