The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Jerry J. Guillot.

DIGEST

SB 213 Original | 2019 Regular Session | White

Proposed law provides that except as provided in the Constitution of Louisiana and notwithstanding any contrary provision of law, in parishes with a population of more than 400,000 persons according to the latest federal decennial census, a parish or other political subdivision tax or tax renewal approved at an election held for that purpose shall only apply within a municipality located in the parish or other political subdivision if a majority of the municipal electors voting on the tax or tax renewal approved it.

Proposed law further provides that proposed law will not apply to elections for taxes or tax renewals for the purpose of funding sheriffs, other parishwide law enforcement services, and emergency medical services.

Effective upon signature of the governor or lapse of time for gubernatorial action.
