Regular Session, 2011

HOUSE BILL NO. 32

BY REPRESENTATIVE FANNIN

APPROPRIATIONS/ANCILLARY: Provides for the ancillary expenses of state government

AN ACT

To provide for the establishment and reestablishment of agency ancillary funds, to be specifically known as internal service funds, auxiliary accounts, or enterprise funds for certain state institutions, officials, and agencies; to provide for appropriation of funds; and to regulate the administration of said funds.

Be it enacted by the Legislature of Louisiana:

Section 1. There are hereby appropriated the amounts shown below, which shall be payable out of the state general fund, to the extent of funds deposited, unless otherwise specified, for the establishment and reestablishment of agency ancillary funds which shall be specifically known as internal service funds, auxiliary accounts, or enterprise funds. The monies in each fund shall be used for working capital in the conduct of business enterprises rendering public service, auxiliary service, and interagency service.

In the conduct of each such business, receipts shall be deposited in the state treasury and disbursements made by the state treasurer to the extent of the amount deposited to the credit of each ancillary fund, for the Fiscal Year 2011-2012. All funds appropriated herein shall be expended in compliance with the public bid laws of the state.

Section 2.A. Except as otherwise provided by law or as herein otherwise provided, any fund equity resulting from prior year operations shall be included as a resource of the fund from which the ancillary fund is directly or indirectly derived.

B. Funds on deposit with the state treasury at the close of the fiscal year are authorized to be transferred to each fund respectively, as equity for Fiscal Year 2012-2013.

All unexpended cash balances as of June 30, 2012, shall be remitted to the state treasurer on or before August 14, 2012. However, savings resulting from executive orders shall be remitted to the state treasurer for deposit into the state general fund prior to the end of the fiscal year. If not reestablished in the subsequent year's Act, the agency must liquidate all assets and return all advances no later than August 14, 2012.

C.(1) The program descriptions contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion into this Act.

(2) Unless explicitly stated otherwise, each of the program objectives and the associated performance indicators contained in this Act shall reflect the key performance standards to be achieved by the 2011-2012 Fiscal Year.

Section 3. All money from federal, interagency transfers, statutory dedications, or fees and self generated revenues shall be available for expenditure in the amounts herein appropriated.

Any increase in such revenues shall be available for allotment and expenditure by an agency on approval of an increase in the appropriation by the commissioner of administration and the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency without an appropriation from the respective revenue source shall be incorporated into the agency's appropriation on approval of the commissioner of administration and the Joint Legislative Committee on the Budget.

Section 4.A. The figures in parentheses following the designation of a budget entity are the total authorized positions for that entity. The number of employees approved for each agency, as a result of the passage of this Act, may be increased by the commissioner of administration when sufficient documentation is presented and the request is deemed valid. However, any request which exceeds five positions shall be approved by the commissioner of administration and the Joint Legislative Committee on the Budget.

B. The budget request of any agency with an appropriation level of thirty million dollars or more shall include within its existing table of organization positions which perform the function of internal auditing.

Section 5. The following definition is provided for the terms of this Act: "Working Capital" shall be considered the excess of current assets over current liabilities on an accrual basis.

Section 6. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed, or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

Section 7. Internal Service Funds. These funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis. Excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds there from credited to each account and shall not be transferred to the state general fund.

Fannin HB No. 32

Abstract: Appropriates funds and provides for ancillary expenses of state government including internal service funds, auxiliary accounts, and enterprise funds.

Proposed law provides for the establishment and reestablishment of agency ancillary funds, to be specifically known as internal service funds, auxiliary accounts, or enterprise funds for certain state institutions, officials, and agencies. Requires the appropriated funds, to the extent deposited, unless otherwise specified, to be used for working capital in the conduct of business enterprises rendering public, auxiliary, and interagency services. Requires receipts from the conduct of such businesses to be deposited to the credit of each ancillary fund for FY 2011-2012. Requires all funds to be expended in accordance with public bid laws.

Proposed law requires, except as otherwise provided, any fund equity resulting from prior year operations be included as a resource of the fund from which it is derived. Provides that all funds on deposit with the state treasury at the close of the fiscal year are authorized to be transferred to each fund as equity for FY 2012-2013. Further provides that all unexpended cash balances as of June 30, 2012, shall be remitted to the state treasurer on or before August 14, 2012. Further provides that if not reestablished in the subsequent year's Act, the agency must liquidate all assets and return all advances no later than August 14, 2012.

Proposed law provides that the program descriptions contained in the Act are not enacted into law by virtue of their inclusion in the Act. Further provides that, unless explicitly stated otherwise, each program objective and associated performance indicator contained in the Act shall reflect performance to be achieved for FY 2011-2012.

Proposed law provides that all money from federal, interagency, statutory dedications, or self-generated revenues of an agency be deemed available for expenditures in the amounts appropriated, and any increase in such revenues over the amounts appropriated shall only be available for expenditure by the agency with approval of the division of administration and the Joint Legislative Committee on the Budget (JLCB).

Proposed law provides that the number of employees approved for each agency may be increased by the commissioner of administration when appropriate documentation is deemed valid; however, any request which exceeds five positions requires approval of the division of administration and JLCB.

Proposed law requires any agency with an appropriation level of $30 million or more to include positions within its table of organization which performs internal auditing service.

Proposed law provides for the agencies and amount of the working capital fund allocated to each.

Proposed law provides that the treasurer shall transfer into the Overcollections Fund the proceeds generated as a result of the sale or other transaction by the Office of Group Benefits which has the effect of transforming its operations.

Effective July 1, 2011.
