Bill Text Version: **ENGROSSED**

Opp. Chamb. Action:

Proposed Amd.:

Sub. Bill For.:

<b>Date:</b> April 19, 2017 9:43 AM	<b>Author:</b> MORRELL
<b>Dept./Agy.:</b> Revenue	<b>Analyst:</b> Greg Albrecht
<b>Subject:</b> Inventory Tax Credit	

TAX/AD VALOREM EG DECREASE GF RV See Note Page 1 of 1  
Provides for the tax credit for ad valorem taxes paid on inventory by taxpayers included in one consolidated federal income tax return. (gov sig)

Present law requires all taxpayers included in one consolidated federal income tax return to be treated as a single taxpayer for purposes of the limitations on the refundability of the credit. The Department of Revenue is to promulgate rules to ensure that affiliated or related taxpayers are considered as one taxpayer.

Proposed law requires the rules to ensure that only taxpayers included in a consolidated federal income tax return are considered as one taxpayer.

Effective upon governor's signature.

**EXPENDITURE EXPLANATION**

The bill may make it easier for the Department to apply the provisions of present law by being able to look to one consolidated federal income tax return to establish affiliation or relation between taxpayer entities, rather than establish that for affiliated or related taxpayers not filing a consolidated federal income tax return.

**REVENUE EXPLANATION**

Under present law, limited refundability of the credit is applicable to affiliated/related taxpayers whether they file one consolidated federal income tax return or not. Proposed law seems to require that these affiliated/related taxpayers file one consolidated federal income tax return in order to be subject to the refundability limitations. Thus, the bill appears to expand the potential number of taxpayers that are not subject to limited refundability, and may result in greater annual refunds of the credit than would otherwise occur. This would be realized against the state fisc as a reduction in net tax collections from what would otherwise be the case.
