**Willmott (HB 284)** **Act No. 36**

Existing law provides for availability of public records in the custody of the state or any political subdivision. Further provides specific exceptions to this availability.

New law adds an exception to the Public Records Law applicable to promotional or competitive tests and records relative thereto that are prepared, administered, or scored by the Jefferson Parish Personnel Dept.

New law provides two exceptions to new law:

(1) The production of test questions, answers, and papers to the Jefferson Parish Personnel Board when the Board is in executive session.

(2) The actual administration of the test itself.

Effective upon signature of governor (June 14, 2011).

(Adds R.S. 44:21.1)
