AN ACT

To amend and reenact Part II of Chapter 2 of Title 24 of the Louisiana Revised Statutes of 1950, comprised of R.S. 24:101 through 109, relative to state government; to create the Streamlining Government Commission; to provide for the membership, powers, duties, and functions of the commission; to provide for recommendations of the commission; to provide procedures and deadlines for reporting; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. Part II of Chapter 2 of Title 24 of the Louisiana Revised Statutes of 1950, comprised of R.S. 24:101 through 109, is hereby amended and reenacted to read as follows:

PART II. STREAMLINING GOVERNMENT

§101. Purpose and findings

A. The state of Louisiana faces a severe decline in revenues through fiscal year 2012 which, if no corrective action is taken, will leave a significant funding gap in state government expenditures and will create serious sustainability issues in the financing of state obligations. The COVID-19 pandemic has resulted in severe declines in revenue for both private and public sector entities and, if no action
is taken, the state of Louisiana will face significant funding challenges
threatening the ability to finance state obligations.

B. It is essential that the state act now to reduce the cost of state government;
through all means available, including efficiencies, economies, greater effectiveness;
and other means to streamline government in order to overcome the projected severe
revenue reductions occurring through 2012 and to ensure that available state tax
dollars are being spent efficiently and effectively. Many state agencies were created
over thirty years ago and a review of each agency and its activities, functions,
programs, and services is needed to determine whether the purpose served by the
agency or activity, function, program, or service continues to be relevant: Like
thousands of businesses in Louisiana being forced to reevaluate the nature and
scope of their operations in these trying times, the state of Louisiana must do
the same. It is imperative to act swiftly to reduce the operational costs of state
government entities through all means necessary and available, including
efficiencies, economies, enhanced effectiveness, and other means to streamline
government and overcome the financial challenges in the near future.

C. While many changes were implemented following the activities of the
Commission on Streamlining Government created in 2009, the COVID-19
pandemic and its impact on state funding has demonstrated that more must be
done to reduce the operational costs of state entities.
