DIGEST
SB 167 Engrossed 2021 Regular Session Allain

Present law establishes the Oilfield Site Restoration Fund used for oilfield site restoration
or assessment conducted by the Dept. of Natural Resources for administration of the oilfield
site restoration program. Proposed law retains present law.

Proposed law requires the state treasurer to transfer $30 million from the first funds received
by the state from the American Recovery Plan Act of 2021 into the Oilfield Site Restoration
Fund. Proposed law limits the use of these monies to the purposes of assessing and restoring
orphan oilfield sites.
Present law caps the Oilfield Site Restoration Fund at $14 million but excludes from the calculation of that cap site-specific trust accounts, financial security instruments not tied to a specific well or wells, and sums generated from bonds. Proposed law adds $30 million of the monies deposited to the fund from the state's allocation from the American Recovery Plan Act of 2021 to the list of funds not used to calculate the cap of the Fund.

Proposed law provides that if it is determined that assessing and restoring orphan oilfield sites is not an allowable use of American Recovery Plan Act of 2021 funds, any monies transferred to the Oilfield Site Restoration Fund shall revert to the state treasury to be used for other qualifying purposes under the American Rescue Plan Act of 2021.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 30:86(A), (C), and (E)(intro para); adds R.S. 30:86(D)(9) and (E)(7))
