

Provides for members of certain state and statewide retirement systems who were participating in DROP at the time they were terminated due to Hurricanes Katrina and Rita to reenter DROP for the duration of their selected plan participation period upon reemployment as follows:

Existing law, relative to certain state and statewide retirement systems, provides for participation in the Deferred Retirement Option Plan (DROP) by certain system members in lieu of terminating employment and accepting a retirement allowance. Existing law provides that election to participate in DROP may be made only once, for a specified period not to exceed three years. Further provides that the three-year period begins within 60 calendar days of the member's first eligibility to participate in DROP. Provides that the DROP participation period shall end not later than three years and 60 calendar days after the member's first eligibility to participate.

New law retains existing law.

Existing law provides for adjustment of the DROP participation period for any employee who is a member of the La. School Employees' Retirement System (LSERS) or the Teachers' Retirement System of La. (TRSL) who has not retired and whose participation in DROP ceased upon being furloughed or terminated due to a reduction-in-force necessitated by Hurricane Katrina or Rita, or both. Prior law applied to employees of local public school systems and public postsecondary education institutions or systems who are reemployed in such positions.

New law retains existing law, but removes provision making it applicable only to public school systems and postsecondary education. New law additionally makes existing law applicable to:

- (1) The Louisiana State Employees' Retirement System.

- (3) The Clerks' of Court Retirement and Relief Fund.
- (4) The District Attorneys' Retirement System.

- (6) The Parochial Employees' Retirement System of Louisiana.
- (7) The Registrars of Voters Employees' Retirement System.
- (8) The Municipal Police Employees' Retirement System.
- (9) The Firefighters' Retirement System.

New law retains existing law that provides that existing law is not applicable to anyone who becomes reemployed more than one year after initially being furloughed or terminated, whichever occurs first, or to anyone reemployed on or after Dec. 31, 2006.

Existing law provides that any person to whom existing law applies who began DROP on or before Sept. 24, 2005, and who had not completed his DROP participation period shall reenter DROP upon his reemployment and his participation period shall resume. Provides that the total duration of the person's participation in DROP before termination and after reentry shall not exceed the DROP participation period he specified upon initial entry into DROP. Existing law provides that, notwithstanding any other provision of existing law to the contrary, any interest credited to the DROP account of a person to whom existing law applies during the period between termination and reemployment shall be forfeited.
