Abstract: Allows night taking of feral hogs on private property year-round.

Present law allows taking of outlaw quadrupeds, nutria, and beaver on private property at night by the landowner or lessee or agent with written permission and the landowner's contact information on his person. Such taking is limited to the period of time from the last day of Feb. to the last day of Aug. each year.

Proposed law allows the nighttime taking of feral hogs and coyotes by any means, except with the use of dogs from Sept. 1 through the last day of Feb., on private property by the landowner or lessee or agent. Allows such taking at any time of the year, during nighttime hours.
