(d) Beginning with the 2014-2015 school year, standards-based assessments
implemented by the State Board of Elementary and Secondary Education in English language arts and mathematics shall be based on nationally recognized content standards that represent the knowledge and skills needed for students to successfully...
transition to postsecondary education and the workplace. Rigorous student
achievement standards shall be set with reference to test scores of the same grade
levels nationally. Neither the state Department of Education nor the State Board of
Elementary and Secondary Education shall implement or administer any assessment
proposed or developed by the Partnership for Assessment of Readiness for College
and Careers, the Smarter Balanced Assessment Consortium, or any other national
group or consortium. This prohibition shall not apply to a college entrance
examination, a high school equivalency examination, or an industry-based
certification examination.

(3)(a) In lieu of the standards-based assessments prescribed in
Subparagraphs (c) and (d) of this Subsection, an alternate
assessment shall be provided for and administered, upon the approval of the student's
parent or legal guardian, only to those students with disabilities who meet specific
eligibility criteria developed by the state Department of Education and approved by
the State Board of Elementary and Secondary Education. A determination of
whether any student meets the eligibility criteria established by the state Department
of Education shall be made by the student's Individual Education Plan committee and
shall be so noted on that student's Individual Education Plan. The alternate
assessment developed pursuant to this Paragraph shall be administered on a schedule
determined by the state Department of Education and approved by the State Board
of Elementary and Secondary Education. The alternate assessment shall be part of
the Louisiana Education Assessment Program otherwise provided for in this
Subsection and the alternate assessment shall be used for information, accountability,
compliance, and planning purposes as provided by the State Board of Elementary
and Secondary Education.

(ii) Students with persistent academic disabilities shall be allowed to take academic assessments that are sensitive to measuring progress in their learning and that recognize their individual needs. Academic assessments are to be geared specifically toward accommodating students to enable them to perform on standards-based assessments prescribed in Subparagraphs Subparagraph (1)(c) and (d) of this Subsection. Such accommodations shall include at a minimum verbalized test questions and shall provide for writing assistance of a scribe and any other accommodations deemed appropriate by the student's Individual Education Plan committee. However, any such accommodations shall not breach test security or invalidate the meaning of the test score or the purpose of the test.

HB 542 Original 2015 Regular Session Schroder

Abstract: Prohibits implementation of the Partnership for Assessment of Readiness for College and Careers (PARCC) and similar assessments.

Present law provides for the La. Competency-Based Education Program, including the implementation of statewide standards for required subjects and the La. Educational Assessment Program (LEAP). Requires standards-based assessments for required subjects (English language arts, math, science, and social studies) to be implemented by the State Board of Elementary and Secondary Education (BESE) and administered in at least grades 3 through 11. Provides that such assessments be based on state content standards and rigorous student achievement standards comparable to national student achievement levels. Further requires that the rigor of such assessments shall at least compare to that of national achievement tests. Requires BESE to establish the adequate test scores for determining successful student performance on the tests.

Proposed law retains present law.

Present law specifies that beginning with the 2014-2015 school year, the standards-based assessments in English language arts and math shall be based on nationally recognized content standards. Proposed law deletes present law and prohibits implementation of the Partnership for Assessment of Readiness for College and Careers (PARCC) and Smarter Balanced assessments and any other similar assessments. Specifies that this prohibition shall not apply to a college entrance examination, a high school equivalency examination, or an industry-based certification examination.

Present law provides for an alternate assessment to be administered to students with disabilities who meet criteria developed by the state Dept. of Education. Further requires the department to develop modified achievement standards and use alternative assessments
