EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

The Department of Revenue data indicates that the bill will increase SGF revenue by about \$107M in FY 16 by suspending exemptions on a 1% sales tax rate on business utilities. The figures are from the Tax Exemption Budget (TEB), which increases actual FY 14 exemptions by 2% to estimate FY 16, though total sales tax remittances did not grow as fast. In addition, about \$1M was subtracted from the total to allow for vendors compensation payments (0.935% of sales tax remitted) and \$3.2M for the Tourism and Promotion District dedication, which is 3% of the portion of the state sales tax referenced by the bill for a net SGF impact of about \$103M.

Business Utilities, Water and Steam	\$107,151,000
less: Tourism Promotion District Dedication	(3,214,530)
<u>Additional Vendor's Compensation</u>	<u>(1,001,862)</u>
Expected Annual SGF impact (rounded)	\$103,000,000

Collections are likely to be low in the first month or two of this suspension, then ramp up as compliance improves. A material portion of what is foregone at the beginning of the fiscal year will be recouped in the accrual period at the end of the fiscal year.
