 Provides for insurance reimbursement of certain provider fees paid by pharmacies

Present law allows for the Department of Health and Hospitals to impose a fee of up to \$0.10 per prescription for prescription services provided by the Medicaid program.

Proposed law requires health insurance issuers to reimburse pharmacies or pharmacists for the payment of the fee when the pharmacy or pharmacist makes a claim for reimbursement of the fee; has no effect to the extent that any sums otherwise certifiable by the state as a component of its share of expenditures in the medical assistance program cannot be certified; and provides that any failure to reimburse a pharmacist or his agent is an unfair or deceptive trade practice subject to the enforcement authority of the commissioner of insurance and otherwise enforceable by appropriate regulatory authorities.
