DIGEST

SB 61 Reengrossed

2015 Regular Session

Buffington

Proposed law provides a hospital service district created pursuant to present law may lease and operate a licensed nursing home as defined in present law that is located within the boundaries of that hospital service district or outside the boundaries of that hospital service district but within the boundaries of the state.

Proposed law provides if a hospital service district determines to lease and operate a licensed nursing home within 35 miles of a hospital service district hospital in an adjoining hospital service district, then the hospital service district shall provide a 60-day written prior notice to the governing authority of the parish in which the licensed nursing home is located.

Proposed law provides if the governing authority of the parish in which the licensed nursing home is located does not provide written notice of objection to the hospital service district within the required 60 days, then the hospital service district may lease and operate the licensed nursing home.

Proposed law provides if the governing authority in which the licensed nursing home is located objects in writing within the 60 days of providing notice as described in proposed law, and after a good-faith effort is made to reach an agreement between the governing authority of the parish and the licensed nursing home, and an agreement is not reached, then the hospital service district may lease and operate a licensed nursing home located outside of the boundaries of its hospital service district.

Proposed law provides a hospital service district shall not operate a licensed nursing home in any parish having a population of not less than 430,000 and not more than 435,000 according to the latest federal decennial census, in any parish having a population of not less than 219,000 and not more than 228,000 according to the latest federal decennial census, or in any parish having a population of not less than 110,000 and not more than 115,000 according to the latest federal decennial census without either being the service district hospital where the licensed nursing home is located or receiving the approval of the hospital service district where the licensed nursing home is located.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Adds R.S. 46:1069.1)

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Health and Welfare to the

original bill

1. Provides for the process for hospital service district to lease and operate a nursing home.
2. Provides for an exception for two different population categories.

Senate Floor Amendments to engrossed bill
