24          is at least three points higher than that required by R.S. 17:5024(B) for the particular

26          test or on the SAT.

27          D.(1) Beginning with the 2004-2005 award year, a student who does not

12           (c) Prior to enrolling for the first time in an eligible college or university, the

16           the SAT as specified for the respective awards.

17           (d) The student enrolls in an eligible college or university and after  
18           successful completion of twelve hours of credit the student is enrolled in such a  
19           college or university on a full-time basis no later than his nineteenth birthday to  
20           pursue an academic undergraduate degree at the baccalaureate level. A student's

25           (2) State payments on behalf of a student eligible for an award pursuant to  
26           this Subsection shall be in the same amounts as otherwise provided for by this  
27           Chapter for such award. The awards provided by this Subsection shall be for no  
28           more than eight semesters or an equivalent number of units in a college or university  
29           which operates on a schedule based on units other than semesters unless an extension  
30           is granted by the administering agency in accordance with its rules.

1 continuous active duty, in which case the period shall be extended for a length of  
2 time equal to the student's active duty service; or unless the student is granted an  
3 exception for cause by the administering agency.

4 (2)(a) If pursuing an academic undergraduate degree, maintain continuous  
5 enrollment for not less than two semesters or three quarters in each successive  
6 academic year, unless granted an exception for cause by the administering agency.

7 (b) If pursuing skill or occupational training, maintain continuous enrollment  
8 as a full-time student unless granted an exception for cause by the administering  
9 agency.

10 (3) For students qualifying for an Opportunity Award, have a cumulative  
11 grade point average of the following as evaluated at the end of each academic year:

12 (a) At least 2.30 calculated on a 4.00 scale after completion of twenty-four  
13 hours of credit.

14 (b) At least 2.50 calculated on a 4.00 scale after completion of forty-eight  
15 hours of credit.

16 (4)(a) For students qualifying to receive a Performance or an Honors Award,  
17 have a cumulative grade point average of at least 3.00 on a 4.00 scale at the end of

19 (b) However, if at any time an otherwise eligible student receiving a  
20 Performance Award or an Honors Award in accordance with the provisions of this  
21 Chapter fails to have a cumulative grade point average of at least 3.00 on a 4.00 scale  
22 at the end of any academic year but has and continues to maintain a cumulative grade  
23 point average at least equal to that required by Paragraph (3) of this Subsection for  
24 continued participation by a recipient of an Opportunity Award, the student receiving  
25 a Performance Award or an Honors Award shall remain eligible for state payments  
26 but only in the amount provided for in R.S. 17:5002(B) for a recipient of an  
27 Opportunity Award. The provisions of this Subparagraph shall apply to all students  
28 who receive state payments pursuant to a Performance Award or an Honors Award,  
29 including all such students from the beginning of the program.

1           (5) Have no criminal conviction, except for misdemeanor traffic violations  
2           and, if the student has been in the United States Armed Forces and has separated

4           honorable conditions.

5           §5042. Maintaining eligibility; TOPS-Tech

6           To maintain continued state payment of an amount equal to tuition pursuant  
7           to a TOPS-Tech Award once enrolled in an institution, a student shall meet all of the  
8           following:

9           (1) Make steady academic progress as defined by the administering agency  
10           toward completion of the requirements of the program in which enrolled, earning not  
11           less than the minimum number of hours of credit required for full-time standing or  
12           the required number of hours needed to complete the program's requirements. If at  
13           any time a student fails to maintain the cumulative grade point average required for  
14           continuation in the program or as of the end of any term during the school year fails  
15           to make steady academic progress as defined by the administering agency, the  
16           student shall become ineligible for further payments. Payments may be reinstated  
17           upon attainment of the grade point average required for continuation of the original  
18           award and the standards for steady academic progress as defined by the  
19           administering agency, provided that the student has maintained other continuation  
20           requirements and the period of ineligibility did not persist for more than one year  
21           from the date of loss of eligibility. If this one-year period is interrupted due to a  
22           student's active duty service in the United States Armed Forces, the one-year period  
23           shall be extended for a length of time equal to the student's active duty service, not  
24           to exceed four years, unless the student reenlists in the United States Armed Forces  
25           and maintains continuous active duty, in which case the period shall be extended for  
26           a length of time equal to the student's active duty service; or unless the student is  
27           granted an exception for cause by the administering agency.

28           (2) Maintain continuous enrollment as a full-time student unless granted an  
29           exception for cause by the administering agency.

1                   (3) Have a cumulative grade point average of at least 2.5 calculated on a 4.00  
2                   scale.

3                   (4) Have no criminal conviction, except for misdemeanor traffic violations  
4                   and, if the student has been in the United States Armed Forces and has separated  
5                   from such service, has received an honorable discharge or general discharge under  
6                   honorable conditions.

7                   §5043. Returning students

8                   Notwithstanding any provision of this Chapter to the contrary, any otherwise  
9                   qualified student who meets each of the following conditions and who enrolls as a  
10                  first-time freshman in an out-of-state college or university, or beginning with the  
11                  2009-2010 academic year, first enrolls as a first-time freshman in an eligible college  
12                  or university in Louisiana and subsequently enrolls in an out-of-state college or  
13                  university, may use the program award provided for by this Section at an eligible  
14                  college or university in Louisiana in accordance with this Subsection and other  
15                  applicable provisions of this Chapter; however, the time period of award eligibility  
16                  set forth in R.S. 17:5002(E) shall be reduced by an equivalent number of units as  
17                  may be applicable for each semester or equivalent time period that the student is  
18                  enrolled in an out-of-state college or university:

19                  (1) The student has been determined by the administering agency to meet the  
20                  initial eligibility requirements established by this Section for an Opportunity,  
21                  Performance, or Honors Award.

22                  (2) The student enrolled as a first-time freshman in one of the following:

23                  (a) An out-of-state college or university in accordance with the timelines  
24                  specified by this Section for such enrollment in an eligible college or university in  
25                  Louisiana and the out-of-state college or university is accredited by a regional  
26                  accrediting organization recognized by the United States Department of Education.

27                  (b) An eligible college or university in Louisiana in accordance with the  
28                  timelines specified by this Section for such enrollment, who subsequently enrolled  
29                  in an out-of-state college or university that is accredited by a regional accrediting  
30                  organization recognized by the United States Department of Education, and then

1 or authorized designee that failure to comply with such requirement was due solely  
2 to the fact that the required course or courses were not available to the applicant at  
3 the school attended.

4 (2) A procedure whereby any student graduating from high school during the  
5 1996-1997 or the 1997-1998 school year who is required to meet the provisions of  
6 R.S. 17:5025.1(11) or 5026(B)(11) relative to successful completion of one unit of  
7 Foreign Language shall be able to meet such requirement after graduating from high  
8 school.

9 (3) A procedure for waiver of the requirement that a student complete the  
10 high school curriculum specified in this Chapter upon proper documentation by the  
11 high school's principal or authorized designee that the student is an exceptional child  
12 as defined by R.S. 17:1942, excluding gifted and talented, and that failure to comply  
13 with the specified curriculum was due solely to the student's exceptionality.

14 (4) A procedure for waiver of a high school curriculum requirement  
15 specified in this Chapter for any student not otherwise covered by the provisions of  
16 Paragraph (3) of this Subsection but who has one or more learning, visual, hearing,  
17 or physical disabilities diagnosed by a person licensed or certified to diagnose such  
18 disability, when the diagnosis states the need for the student to be provided special  
19 accommodation by the high school relative to the curriculum requirement, the  
20 student requested and was provided such special accommodation by the high school,  
21 and failure to comply with the curriculum requirement was due solely to the student  
22 being disabled.

23 (5) A requirement that all reports of student performance or disability  
24 submitted to the administering agency and used to determine student eligibility be  
25 certified by the responsible authority.

26 C. The administering agency shall provide the following guidelines:

27 (1) Guidelines and procedures by which the administering agency, subject  
28 to prior approval by the State Board of Elementary and Secondary Education, may  
29 update the course name and establish course equivalencies for any course included  
30 in the definition of core curriculum provided by this Chapter, including necessary

1 changes to course names and equivalencies for Advanced Placement and  
2 International Baccalaureate courses as prescribed by the College Board or the  
3 International Baccalaureate Foundation. The guidelines and procedures shall include  
4 but not be limited to a requirement that any change in a course name and the  
5 establishment of any course equivalency be done by rule adopted by the  
6 administering agency and a requirement that prior to issuing a notice of intent to  
7 consider any such rule the administering agency shall consult with and seek the  
8 written comments and recommendations of the Board of Regents on making the  
9 name change or establishing the course equivalency.

10 (2) Guidelines and procedures directing that when tuition is paid from a  
11 source other than the award made pursuant to this Chapter, the award shall be  
12 applied by the institution attended by the student toward payment of expenses other  
13 than tuition which are described in the term "cost of attendance" as that term is  
14 defined in 20 U.S.C. 1087(II), as amended, for the purpose of qualifying the student  
15 or his parent or court-ordered custodian for the federal income tax credits provided  
16 for under 26 U.S.C. 25A.

17 (3)(a) Guidelines and procedures permitting the administering agency to  
18 receive and consider an application for an initial award, an application for the  
19 continuation of an award, or an application to return from an out-of-state college or  
20 university under this Chapter that is received by the agency after the final deadline  
21 established by the agency for the receipt of such application but not later than one  
22 hundred twenty days after the deadline.

23 (b) Guidelines and procedures permitting the administering agency, for the  
24 2007-2008 academic year and thereafter, to receive and consider an application for  
25 an award under this Chapter as authorized by R.S. 17:5023 that is received by the  
26 agency after the final deadline established by the agency for the receipt of such  
27 application, but not later than one hundred twenty days after the deadline.

28 (c)(i) When granting an award based on an application that is considered by  
29 the agency pursuant to the provisions of this Paragraph and such application is  
30 received by the agency not later than sixty days after the final deadline, the agency

1 shall reduce the time period of eligibility for the award as set forth in R.S. 17:5002  
2 by one semester or an equivalent number of units at an eligible institution which  
3 operates on a schedule based on units other than semesters.

4 (ii) When granting an award based on an application that is considered by  
5 the agency pursuant to the provisions of this Paragraph and such application is  
6 received by the agency more than sixty days after the final deadline, the agency shall  
7 reduce the time period of eligibility for the award as set forth in R.S. 17:5002 by two  
8 semesters or an equivalent number of units at an eligible institution which operates  
9 on a schedule based on units other than semesters.

10 (4)(a) Guidelines and procedures permitting the administering agency to  
11 receive and consider, beginning with awards made for the 2000-2001 academic year  
12 and through the 2002-2003 academic year, an applicant's qualifying score on the  
13 ACT or on the SAT that is obtained on an authorized testing date after the date of the  
14 applicant's high school graduation but prior to July first of the year of such  
15 graduation.

16 (b) Guidelines and procedures permitting the administering agency to receive  
17 and consider, beginning with awards made for the 2003-2004 academic year and  
18 thereafter, an applicant's qualifying score on the ACT or on the SAT which is first  
19 obtained on an authorized testing date after the national April ACT testing date in the  
20 year of the applicant's high school graduation but prior to July first of the year of  
21 such graduation.

22 (c) Guidelines and procedures permitting the administering agency to receive  
23 and consider, beginning with awards made for the 2011-2012 academic year and  
24 thereafter, an applicant's qualifying score on the ACT or on the SAT which is first  
25 obtained on an authorized testing date after the national April ACT testing date in the  
26 year of the applicant's high school graduation but prior to July first of the year of  
27 such graduation or, if the administering authority determines that the applicant was  
28 prevented from taking the test prior to July first of the year of graduation due to  
29 circumstances beyond the immediate control of the student and attributable to the  
30 administration of the test, prior to September thirtieth of the year of such graduation.

1           (d) When granting an award to an applicant whose qualifying test score is  
 2           considered by the agency pursuant to the provisions of this Paragraph, the agency  
 3           shall reduce the time period of eligibility for the award as set forth in R.S. 17:5002  
 4           by one semester or an equivalent number of units at an eligible institution which  
 5           operates on a schedule based on units other than semesters.

6           §5063. Notice of Program Changes

7           In addition to any other requirements of this Chapter, the administering  
 8           agency shall notify all appropriate public and nonpublic school personnel, including  
 9           school counselors, of any changes in law or agency rules relative to the Taylor  
 10          Opportunity Program for Students no later than sixty days after such change.

11          §5064. School boards

12          Each city and parish school board for the high school under its jurisdiction  
 13          or the principals of such high schools and the principal or headmaster of each  
 14          nonpublic high school approved by the State Board of Elementary and Secondary  
 15          Education shall, using the criteria in Subpart B of Part I of this Chapter as the  
 16          minimum qualifications for selection, identify and certify to the administering  
 17          agency those achieving the required academic standards to qualify for an award  
 18          pursuant to this Chapter.

19          §5065. Funding

20          A.(1) The legislature annually shall appropriate to the administering agency  
 21          funds which, together with any other funds available, are sufficient to cover the costs  
 22          required to be paid, both initial and continuing, for the coming academic year. All  
 23          such payments shall be made by the administering agency directly to the institution  
 24          to which such payment is due after notice to the institution that the state shall pay,  
 25          on behalf of the qualifying student, the applicable amount stipulated in this Chapter  
 26          and after notice from the institution that the student has actually enrolled.

27          (2) Effective beginning with the 1999-2000 academic year and thereafter, no  
 28          state payments made on behalf of any student receiving an award pursuant to the  
 29          provisions of this Chapter shall be used by an institution of higher education to  
 30          supplant the granting of free tuition for such student pursuant to a scholarship given

1 in accordance with the provisions of Act No. 43 of the 1884 Regular Session of the  
2 Legislature, as amended.

3 B. The administering agency may seek, accept, and expend funds from any  
4 source, including private business, industry, foundations, and other groups as well  
5 as any federal or other governmental funding available for this purpose.

6 C. Implementation of the tuition payment program provided by this Chapter  
7 shall be subject to the appropriation of funds for this purpose.

8 D.(1) In the event the legislature appropriates insufficient money to fund all  
9 awards made to students qualifying under the provisions of this Chapter, the number  
10 of students to whom awards shall be made shall be reduced as necessary pursuant to  
11 a procedure set out by rule adopted by the administering agency. The procedure  
12 shall provide for such reduction to be based on the scores on the ACT and then on  
13 the ability of each student's family to pay the student's tuition as evidenced by the  
14 expected family contribution determined by using the standardized federal  
15 methodology for establishing student financial need. The procedure shall provide  
16 that reductions of awards made necessary by insufficient appropriations shall first  
17 eliminate the cohort of students who score lowest on the ACT. The procedures shall  
18 provide that within that cohort of students, those whose families are most able to pay  
19 the student's tuition shall be eliminated first. After insufficient appropriations  
20 require the elimination of all students in such cohort, the procedures shall require  
21 repeating the process with those students in the next highest score cohort.

22 (2) Among students denied their awards as provided in this Subsection, those  
23 students whose families have the least capacity to pay shall be the first to receive  
24 their awards if monies become available. Any student for whom the expected family  
25 contribution cannot be determined as provided for in Paragraph (1) of this Subsection  
26 shall be denied his award until the legislature appropriates sufficient monies to fund  
27 all awards made to students qualifying under the provisions of this Chapter.

28 §5066. With other financial assistance

29 A. A grant awarded pursuant to this Chapter may be combined with a  
30 disbursement from the Louisiana Student Tuition Assistance and Revenue Trust

1           Program, as provided in R.S. 17:3091 through 3099.2, to pay the student's tuition,  
2           and any portion of the grant which is offset by such a disbursement shall then be  
3           expended in payment of current year educational expenses as defined by the  
4           administering agency and billed to the student by the institution. Any remaining  
5           balance of the grant award may then be expended by the student in payment of room  
6           and board.

7           B.(1)(a) Notwithstanding any provision of this Chapter to the contrary, any  
8           student who qualifies for an award as provided in this Chapter and who also qualifies  
9           for any other financial assistance offered by the state public college or university  
10          which the student attends shall be allowed to combine such award and financial  
11          assistance in any manner to cover any "cost of attendance" as determined for that  
12          student in accordance with regulations governing the award of federal student aid  
13          under Title IV of the Higher Education Act of 1965 as amended, including room and  
14          board, books, and other instructional materials.

15          (b) Additionally, notwithstanding any provision of this Chapter to the  
16          contrary and effective for the 2004-2005 award year and thereafter, any student who  
17          qualifies for an award as provided in this Chapter shall be allowed to use such award  
18          in any manner to cover any "cost of attendance" at an eligible public college or  
19          university as determined for that student in accordance with regulations governing  
20          the award of federal student aid under Title IV of the Higher Education Act of 1965  
21          as amended.

22          (2) If a student is receiving other financial assistance that, when combined  
23          with a tuition payment under this Chapter, exceeds the "cost of attendance" as  
24          determined for that student in accordance with regulations governing the award of  
25          federal student aid under Title IV of the Higher Education Act of 1965, as amended,  
26          the amount of the tuition payment shall be reduced by the amount of such excess.

27          (3)(a)(i) Any student who receives a financial assistance award pursuant to  
28          this Chapter may elect to accept the award on the basis provided in this Paragraph.  
29          The student may elect to delay the acceptance of his financial assistance award until  
30          after the student, if he is not claimed as a dependent of a parent or court-ordered

1 custodian on a federal income tax return, or his parent or court-ordered custodian,  
2 if he is claimed as a dependent on a federal income tax return, files his federal  
3 income tax return.

4 (ii) If the student delays the acceptance of his award and the student, parent,  
5 or court-ordered custodian claims a federal income tax credit for money expended  
6 on educational tuition for the postsecondary education of the student, the  
7 administering agency shall pay directly to the student an amount equal to the amount  
8 of the award that would have been paid to the eligible institution on behalf of the  
9 student less the amount of the tax credit claimed plus as an incentive for claiming the  
10 credit and thus reducing the cost to the state of this program, an amount equal to  
11 twenty-five percent of the amount of the credit claimed.

12 (iii) If the student delays the acceptance of his award and the student, parent,  
13 or court-ordered custodian does not claim such a credit, then the amount of the award  
14 that would have been paid to the eligible institution on behalf of the student shall be  
15 paid directly to the student.

16 (b) In order to receive the additional incentive payment provided for in Item  
17 (a)(ii) of this Paragraph, the student, parent, or court-ordered custodian filing the  
18 return shall provide such proof to the administering agency of the amount of federal  
19 income tax credit for money expended on educational tuition claimed as required by  
20 the agency, including access to their federal income tax records or other appropriate  
21 records.

22 (c) In any case in which the award amount is paid directly to the student as  
23 a result of an election under this Paragraph, the amount of the award may be  
24 expended on any item considered as part of the "cost of attendance" as determined  
25 for that student in accordance with regulations governing the award for federal  
26 student aid under Title IV of the Higher Education Act of 1965, as amended.

27 (d) The administering agency shall establish by rule the procedure and time  
28 schedules necessary for a student to make the election provided for in this Paragraph,  
29 for receipt of notice of such an election by the agency, and for delayed payment of  
30 the award and any applicable incentive.

1           (e) In any case in which a federal income tax credit claim for tuition is  
2           disallowed, no additional payment shall be made by the agency as a result.

3           (f) The election provided for in this Paragraph may be made in any year for  
4           which the student is eligible for an award under this Paragraph.

5           §5067. Program information reporting system; implementation; requirements;  
6           applicability; participation by eligible institutions and others

7           A.(1) The Board of Regents shall formulate, develop, establish, and  
8           implement a uniform Taylor Opportunity Program for Students information reporting  
9           system for the purposes of policy analysis and program evaluation and for providing  
10           accurate data and statistics to the legislature, the governor and appropriate executive  
11           branch agencies, and the public relative to the program's impact on the state and on  
12           students.

13           (2) In formulating and developing the information reporting system, the  
14           Board of Regents shall consult with and seek written recommendations from the  
15           Louisiana Student Financial Assistance Commission, each college or university  
16           eligible for participation in the Taylor Opportunity Program for Students, each of the  
17           public postsecondary education management boards, the Louisiana Association of  
18           Independent Colleges and Universities, legislators, and knowledgeable others as  
19           determined appropriate by the Board of Regents.

20           (3) It is the intention of the legislature that the reporting system provided by  
21           this Section and the requirements thereof shall be applicable to all Taylor  
22           Opportunity Program for Students applicants, all award recipients regardless of  
23           eligible college or university attended, and all such eligible colleges and universities.  
24           Effective for the 2002-2003 award year and thereafter, compliance with the  
25           requirements of the Taylor Opportunity Program for Students information reporting  
26           system shall be a condition for an eligible college or university to remain eligible to  
27           receive payments from the state on behalf of an award recipient. Compliance  
28           determinations shall be made annually by the Board of Regents.

29           B. The Taylor Opportunity Program for Students information reporting  
30           system shall include but not be limited to the following:

1           (1) A report prepared as of the end of the fall semester and again as of the  
2           end of the spring semester or equivalent periods of time during each academic year  
3           relative to the rate of retention of program awards by students as they progress from  
4           semester to semester or other equivalent periods of time as may be applicable once  
5           enrolled at an eligible college or university. The data shall be reported by institution  
6           attended, by the two-digit classification of instructional program, and by program  
7           award category and shall include the percent of students losing program eligibility  
8           due to not earning the minimum number of credit hours, the percent of students  
9           losing program eligibility due to not having the required cumulative grade point  
10           average, and the percent of students losing program eligibility for failing to make  
11           steady academic progress.

12           (2) The persistence rates at colleges and universities of freshman,  
13           sophomore, junior, and senior students receiving a program award reported by award  
14           category and by award year.

15           (3) The graduation rates or rates of completion of the chosen postsecondary  
16           education program if otherwise applicable for students receiving a program award,  
17           reported by award category and award year, including for those graduating with an  
18           academic degree at the baccalaureate level, the rate for persons graduating within  
19           four years, within five years, and within six years, respectively.

20           (4) The mean length of time required for a student receiving a program  
21           award to graduate with an academic degree at the baccalaureate level or to complete  
22           the chosen postsecondary education program if otherwise applicable with such  
23           information being reported by award category and by award year.

24           (5) An annual report on the number of applicants as well as the percent of  
25           high school graduates by high school and by parish who apply for a program award,  
26           by award category, and the percent of those students who subsequently enroll in a  
27           college or university.

28           (6) Statistical studies on the relationship between the courses taken and  
29           grades earned by a high school student and the student's score on the ACT or the  
30           SAT. Relative to public high schools, such statistical studies shall use student course

1 and grade data that is otherwise available from the schools and such studies shall be  
2 conducted at no additional cost to the governing authority of any public high school.

3 (7) Demographic information of program award recipients, including but not  
4 limited to race, gender, and parents' household income.

5 (8) High school grade point average and ACT or concordant SAT scores of  
6 program award recipients grouped by mean, median, and mode.

7 (9) High school grade point average and ACT or concordant SAT score  
8 cross-referenced with those students who lost the award and those who were placed  
9 on probationary status and the reasons therefor.

10 C. When necessary due to limitations in existing secondary data sources and  
11 systems, the Board of Regents, consistent with the general provisions of this Section,  
12 may modify any specific requirement of this Section. However, prior to making any  
13 such modifications the board shall report in writing to the House Committee on  
14 Education and the Senate Committee on Education on the proposed action and the  
15 board shall have received approval from each committee relative to the proposed  
16 action.

17 D. The Board of Regents shall submit a written report including all of the  
18 information required by this Section for the preceding academic year to the Senate  
19 Committee on Education and the House Committee on Education, not later than  
20 December first of each year.

21 E. All information reported pursuant to this Section shall be reported in the  
22 aggregate only and shall contain no personally identifiable information for any  
23 recipient of a program award.

24 §5068. Miscellaneous

25 A. Each student who initially qualifies for more than one award under the  
26 provisions of this Chapter shall receive the award requiring the most rigorous  
27 eligibility criteria.

28 B. Notwithstanding any other provision of this Chapter to the contrary, any  
29 public or private entity, including any nonprofit organization, may make a directed

1            donation to any eligible postsecondary institution for a student who is a recipient of  
2            a Louisiana Taylor Opportunity Program for Students eligibility.

3            C. Annually, the Louisiana Student Financial Assistance Commission shall,  
4            with the cooperation and assistance of the state's institutions of postsecondary  
5            education, query each first-time recipient of a Taylor Opportunity Program for  
6            Students award to determine the extent to which receiving the award influenced the  
7            decision of the student to attend a Louisiana college or university.

8            D.(1) Recognizing the success and growth of the Taylor Opportunity  
9            Program for Students and in order to maintain the long-term financial stability of  
10           such program, private businesses, industry, foundations, charities, and other  
11           individuals or groups may, notwithstanding any provision of law to the contrary, ask  
12           the division of administration for authority to create scholarship programs to make  
13           payments to eligible colleges and universities on behalf of individual students. If the  
14           division of administration authorizes a private scholarship program, scholarship  
15           funds received by an eligible college or university from such private scholarship  
16           program on behalf of a student shall cause a reduction in the dollar amount of any  
17           award pursuant to this Chapter associated with that student to an amount that is equal  
18           to the dollar amount that the award would have been if no such private scholarship  
19           funds had been received less the amount of private scholarship funds received by the  
20           eligible college or university.

21           (2) This Subsection shall in no way be interpreted in such a manner that a  
22           student could receive less benefits from a combination of the award pursuant to this  
23           Chapter and the private scholarship funded on his behalf than he would have  
24           received solely from the award pursuant to this Chapter if there had been no private  
25           scholarship funded on his behalf. Therefore, to the extent that any privately funded  
26           scholarship funds provided for in this Subsection made to an eligible college or  
27           university on behalf of a qualified student are for an amount less than the amount a  
28           given student would have otherwise received if no such private scholarship funds had  
29           been paid as an award pursuant to this Chapter, then the eligible college or university

1 shall receive that difference on behalf of the student as the student's award from the  
 2 Taylor Opportunity Program for Students.

3 (3) As provided in this Subsection, if an eligible college or university  
 4 receives privately funded scholarship funds on behalf of a student, the state funds for  
 5 the Taylor Opportunity Program for Students shall be reduced by the amount of the  
 6 private scholarship program funds so received. A reduction shall not affect the  
 7 estimated nature of the Taylor Opportunity Program for Students appropriation as  
 8 provided in the Act or Acts that contain such appropriations. The commissioner of  
 9 administration shall determine and specify the amount of the reduction from the  
 10 source of the funds to provide the maximum benefit to the state from the privately  
 11 funded scholarship program. The state treasurer shall deposit the amount of such  
 12 reduction as specified by the commissioner of administration into the  
 13 Overcollections Fund created in R.S. 39:100.21 and credit the deposit to an account  
 14 within the fund hereby established and created to be known as the "Program  
 15 Participation Savings Account".

16 E. Notwithstanding any rule by the administering agency to the contrary, no  
 17 student who graduates from high school in less than four years and who receives an  
 18 award under this Chapter shall be restricted or otherwise delayed as to the date the  
 19 award may be first used at an eligible institution due to the student having graduated  
 20 from high school in less than four years.

21 PART III. TOPS-TECH EARLY START AWARD

22 §5081. TOPS-Tech Early Start Award; purpose; eligibility; limitations;  
 23 administration; implementation; reports

 30 nonpublic postsecondary education institution or by any Louisiana training provider

1 recognized by the Louisiana Workforce Commission and approved by the State

12 (3) The administering agency, on behalf of a TOPS-Tech Early Start Award  
13 recipient, shall pay to the Louisiana postsecondary education institution in which the  
14 student is enrolled in an eligible program of studies or a training program provider  
15 an amount of one hundred fifty dollars for each three credit-hour or equivalent time  
16 course taken by the student, not to exceed two such courses per high school semester  
17 for an eleventh-grade student and two such courses per high school semester for a  
18 twelfth-grade student.

19 (4)(a) By January thirty-first annually, the State Board of Elementary and  
20 Secondary Education shall determine which training program providers it approves  
21 for the academic year that begins in the fall of that year.

22 (b) For the 2014-2015 academic year, the number of training program  
23 providers at which a TOPS-Tech Early Start Award may be used shall be limited to  
24 five providers as selected by the State Board of Elementary and Secondary  
25 Education.

26 (c) The State Board of Elementary and Secondary Education shall  
27 promulgate rules and regulations in accordance with the Administrative Procedure  
28 Act to implement the provisions of this Paragraph.

1                   (5) Implementation of the provisions of this Section shall be subject to the  
2                   appropriation of funds for this purpose.

3                   C. An application for a TOPS-Tech Early Start Award shall be required at  
4                   a time and in a manner and form established by the administering agency. At a  
5                   minimum, information necessary to fully inform Louisiana public high school  
6                   students and their parents on the requirements of and procedures for applying for the  
7                   award shall be made available by the administering agency in the same manner as  
8                   required by law for other awards provided by the Taylor Opportunity Program for  
9                   Students.

10                  D. To be eligible for an initial TOPS-Tech Early Start Award, a student shall  
11                  meet each of the following conditions and comply with other applicable provisions  
12                  of this Section and administering agency rules:

13                   (1) Be in the eleventh or twelfth grade in a Louisiana public school.

14                   (2) Have prepared a five-year education and career plan, including a

25                   (1) Be a student in good standing in a Louisiana public high school.

26                   (2) Maintain a cumulative high school grade point average on all courses

1           F.(1) The provisions of this Section shall be administered by the Louisiana  
2           Student Financial Assistance Commission, herein referred to as the "administering  
3           agency". Except as otherwise provided by this Section, the authority granted to and  
4           limitations placed on the administering agency by Parts I and II of this Chapter  
5           relative to administering other awards pursuant to the Taylor Opportunity Program  
6           for Students shall be deemed to apply also to the administration of the TOPS-Tech  
7           Early Start Award.

8           (2) The agency shall adopt, in accordance with the Administrative Procedure  
9           Act, rules to implement and administer the provisions of this Section. Such rules

11           and time lines.

12           G. Prior to the convening of each regular legislative session, the Louisiana  
13           Student Financial Assistance Commission shall provide to the governor, the House  
14           Committee on Education, and the Senate Committee on Education a written review  
15           and analysis of TOPS-Tech Early Start awards relative to award use by students and  
16           the benefits therefrom as well as the impact on subsequent use by students of TOPS-  
17           Tech awards.

#### 18           PART IV. STUDENTS DISPLACED BY CERTAIN NATURAL DISASTERS

19           §5101. Initial eligibility for program awards; students displaced by certain natural  
20           disasters; waivers and exceptions; limitations

21           A.(1)(a) The legislature finds that due to the effects of natural disasters  
22           declared by the governor on August 26, 2005, relative to Hurricane Katrina, and on  
23           September 20, 2005, relative to Hurricane Rita, it is in the best interest for the  
24           education of the people of the state that initial eligibility requirements established in  
25           Part I of this Chapter for awards pursuant to the Taylor Opportunity Program for  
26           Students be modified as provided by this Section for the 2005-2006, 2006-2007,  
27           2007-2008, and 2008-2009 school years for students displaced as a result of the  
28           disasters.

29           (b) Notwithstanding any provision of this Section to the contrary, all  
30           modifications of initial eligibility requirements established in Part I of this Chapter

1 for awards pursuant to the Taylor Opportunity Program for Students provided by this  
2 Section for the 2005-2006 school year for a displaced student and for a dependent  
3 student pursuant to the provisions of Subitems (B)(1)(c)(ii)(aa) and (bb) of this  
4 Section shall be applicable to a displaced student and a dependent student, as  
5 applicable, for the 2006-2007, 2007-2008, and 2008-2009 school years.

6 (2) For the purposes of this Section, the phrase "a student displaced as a  
7 result of the disasters", hereinafter referred to in this Section as a "displaced student",  
8 shall mean a student who meets either or both of the following conditions:

9 (a) The student, on August 26, 2005, was enrolled in a public high school or  
10 a nonpublic high school having the approvals by the State Board of Elementary and  
11 Secondary Education required by Part I of this Chapter for program eligibility  
12 purposes and such school was located in Jefferson, Lafourche, Orleans, Plaquemines,  
13 St. Bernard, St. Tammany, Tangipahoa, or Washington Parish or the student resided  
14 in such a parish and was enrolled in a home study program approved by the State  
15 Board of Elementary and Secondary Education.

16 (b) The student, on September 20, 2005, was enrolled in a public high school  
17 or a nonpublic high school having the approvals by the State Board of Elementary  
18 and Secondary Education required by Part I of this Chapter for program eligibility  
19 purposes and such school was located in Acadia, Allen, Beauregard, Calcasieu,  
20 Cameron, Iberia, Jefferson Davis, St. Mary, Terrebonne, or Vermilion Parish or the  
21 student resided in such a parish and was enrolled in a home study program approved  
22 by the State Board of Elementary and Secondary Education.

23 B.(1) Relative to initial eligibility requirements for a Taylor Opportunity  
24 Program for Students award applicable to a student displaced during the 2005-2006  
25 school year, the Louisiana Student Financial Assistance Commission, in accordance  
26 with the Administrative Procedure Act, shall provide by rule as follows:

27 (a) A displaced student who has been certified by the principal or headmaster  
28 to have graduated during the 2005-2006 school year from an out-of-state high school  
29 that meets the criteria to be an eligible out-of-state high school as provided in R.S.  
30 17:5029 shall not be required to have for the respective awards a higher minimum

1 composite score on the ACT or on the SAT than required for a student who graduates  
2 from an eligible Louisiana high school provided such student has, for a TOPS-Tech  
3 Award or Opportunity Award, a cumulative high school grade point average on all  
4 courses on the high school transcript of at least 2.50 calculated on a 4.00 scale or, for  
5 a Performance or Honors award, a cumulative high school grade point average on all  
6 courses on the high school transcript of at least 3.50 calculated on a 4.00 scale.

7 (b) The program requirement that a student who graduates from an eligible  
8 Louisiana high school during the 2005-2006 school year must have successfully  
9 completed the applicable core curriculum shall be waived for a displaced student  
10 upon proper documentation by the student's high school principal or headmaster or  
11 authorized designee that failure to comply with such requirement is due solely to the  
12 fact that the required course or courses were not available to the student at the school  
13 attended.

14 (c)(i) A dependent or independent displaced student shall be deemed to meet  
15 the residency requirements for a program award if such student actually resided in  
16 Louisiana during his entire eleventh grade year of high school and was enrolled for  
17 such time in an eligible Louisiana high school or, for dependent students, if the  
18 displaced student has a parent or court-ordered custodian who actually resided in a  
19 parish listed in Subparagraph (A)(2)(a) of this Section for at least the twelve months  
20 prior to August 26, 2005, or in a parish listed in Subparagraph (A)(2)(b) of this  
21 Section for at least the twelve months prior to September 20, 2005.

22 (ii)(aa) A parent or court-ordered custodian of a dependent student who is  
23 eligible for a program award pursuant to the provisions of R.S. 17:5029, relative to  
24 students who graduate from certain out-of-state high schools, and who was displaced  
25 as a resident from a parish listed in Subparagraph (A)(2)(a) of this Section due to  
26 Hurricane Katrina shall be deemed to meet program residency requirements if such  
27 parent or court-ordered custodian actually resided in Louisiana for at least the twelve  
28 months prior to August 26, 2005.

29 (bb) A parent or court-ordered custodian of a dependent student who is  
30 eligible for a program award pursuant to the provisions of R.S. 17:5029, relative to

1 students who graduate from certain out-of-state high schools, and who was displaced  
2 as a resident from a parish listed in Subparagraph (A)(2)(b) of this Section due to  
3 Hurricane Rita shall be deemed to meet program residency requirements if such  
4 parent or court-ordered custodian actually resided in Louisiana for at least the twelve  
5 months prior to September 20, 2005.

6 (d) A displaced student who during the 2005-2006 school year successfully  
7 completes at the twelfth grade level a home study program approved by the State  
8 Board of Elementary and Secondary Education shall be eligible for program awards  
9 by complying with the provisions of R.S. 17:5029, relative to certain students who  
10 have successfully completed home study programs approved by the state board. In  
11 such case, the statutory requirement that a student, if ever enrolled in an eligible  
12 Louisiana high school, must have begun his approved home study program no later  
13 than the conclusion of the tenth grade year shall not apply to the displaced student.

14 (2)(a)(i) Relative to initial eligibility requirements for a Taylor Opportunity  
15 Program for Students award applicable for the 2005-2006 school year to a displaced  
16 student, the Louisiana Student Financial Assistance Commission, in consultation  
17 with the commissioner of higher education and in accordance with the  
18 Administrative Procedure Act, shall by rule waive any provision of Part I of this  
19 Chapter that imposes on such displaced student a program requirement or condition  
20 that such student cannot comply with or meet when it is determined by the  
21 commission that a failure to comply with the requirement or meet the condition,  
22 more likely than not, is due solely to a consequence of Hurricane Katrina or Rita, or  
23 both.

24 (ii) Relative to initial eligibility requirements for a Taylor Opportunity  
25 Program for Students award applicable for the 2005-2006 school year to any student  
26 displaced during the 2005-2006 school year as a consequence of a disaster or  
27 emergency other than Hurricane Katrina or Rita and for which the governor declares  
28 a state of emergency to exist, the Louisiana Student Financial Assistance  
29 Commission, in consultation with the commissioner of higher education and in  
30 accordance with the Administrative Procedure Act, shall by rule waive any provision

1 of Part I of this Chapter that imposes on such student a program requirement or  
 2 condition that the student cannot comply with or meet when it is determined by the  
 3 commission that a failure to comply with the requirement or meet the condition,  
 4 more likely than not, is due solely to a consequence of the declared disaster or  
 5 emergency.

6 (b) In addition to provisions of the Administrative Procedure Act relative to  
 7 oversight by the legislature of the adoption of commission rules, the Joint Legislative  
 8 Committee on the Budget, in accordance with procedures and threshold amounts  
 9 established by the committee, shall have oversight and approval authority over any  
 10 rule proposed for adoption pursuant to the provisions of this Paragraph that has a  
 11 significant program or other cost, or both, to the state.

12 C. The Louisiana Student Financial Assistance Commission shall take all  
 13 administrative action necessary to expedite full implementation of the provisions of  
 14 this Section. The commission also shall disseminate information to displaced  
 15 students and others regarding program changes pursuant to the provisions of this  
 16 Section in the most timely manner possible.
