1 Be it enacted by the Legislature of Louisiana:

2 Section 1. Legislative Intent and Purpose

3 A. The Louisiana statutes regarding taxes have been amended in such a manner over
4 time that our general taxing structure is a complicated, overly burdensome, and convoluted
5 system of laws which is difficult to understand, interpret, or enforce.

6 B. It is the intent of this Act to provide for a revision of the system of taxation laws
7 to provide for a consistent and fair system of laws that balances the tax burden between
8 business and individual taxpayers and also provides for a fair and appropriate policy with
9 respect to each different type of tax levied by the state; thereby, providing individual and
10 corporate taxpayers with the predictability, stability, and simplicity that is essential in
11 attracting and retaining our most valuable resource in Louisiana, our citizens.

12 C. Louisiana consistently ranks at the bottom of national assessments of business
13 tax climates. As a result, Louisiana's economic growth has been hampered while other states
14 in our region have shown significant economic growth. Therefore, it is the intent of this Act
15 to improve Louisiana's national attractiveness for its business tax climate and to improve the
16 health of our overall economic indicators; thereby, encouraging organic economic growth
17 and development throughout Louisiana.

18 D. The purpose of this Act is to develop a state tax system that minimizes the impact
19 of tax compliance required by business or individuals. By allowing business to focus on its
20 primary operational efforts, the state of Louisiana and its citizens will reap the benefits
21 resultant from increased productivity and economic growth. The problems in our state's tax
22 system have developed over time through piecemeal changes to isolated tax components
23 which ignored the connectivity to other taxes and economic forces. Continued piecemeal
24 attempts to solve our systemic shortcomings will only compound the problem. A wholesale,
25 omnibus change is imperative. The intent of this Act is to provide that wholesale, omnibus
26 change.

2017 Regular Session

Abstract: Provides generally relative to state taxes.

Relative to individual income tax (Sections 2, 3 and 4 of the Act):

Present law provides for a tax to be assessed, levied, collected, and paid upon the taxable income of an individual at the following rates:

- (1) 2% on the first \$12,500 of net income;
- (2) 4% on the next \$37,500 of net income;
- (3) 6% on net income in excess of \$50,000.

Proposed law reduces individual income tax rates as follows:

- (1) From 2% on the first \$12,500 of net income to 0% on the first \$12,500 of net income.

- (2) From 4% on the next \$37,500 of net income and 6% on net income in excess of \$50,000 to 4% on net income in excess of \$12,500.

Present law provides that in cases where taxpayers file a joint return of husband and wife, the combined tax shall be twice the combined tax of single filers.

Proposed law retains present law.

Present law provides that all personal exemptions and deductions for dependents allowed in determining federal income tax liability shall be allowed in determining La. tax liability. Further provides for a combined personal exemption of \$4,500 for single, individual filers, \$9,000 for married, joint filers, \$4,500 for married, separate filers, and \$9,000 for filers who are the head of household.

Proposed law repeals present law.

Present law authorizes a credit of \$400 for each dependent who meets certain criteria.

Proposed law repeals present law.

Present law authorizes an additional deduction of \$1,000 for each allowable exemption in excess of those required to qualify for the exemption allowable under present law.

Proposed law repeals present law.

Present law requires the secretary to establish tax tables that calculate the tax owed by taxpayers based upon where their taxable income falls within a range that does not exceed \$250. Further requires the secretary to provide in the tax tables the combined personal exemption, standard deduction, and other exemption deductions in present law which is deducted from the 2% bracket. If the combined exemptions and deductions exceed the 2% bracket, the excess is deducted from the 4% bracket, and then the 6% bracket.

Proposed law deletes the provisions authorizing the combined personal exemption, standard deduction, and other exemption deductions to be deducted from the income tax brackets.

Present law authorizes a deduction from individual income taxes for excess federal itemized personal deductions. Excess federal itemized personal deductions is defined to mean 100% of the amount by which the federal itemized personal deductions exceed the amount of federal standard deduction designated for the filing status used for the taxable period on the individual income tax return.

Proposed law changes present law to limit the deduction to charitable contributions in excess of the first \$12,500 of excess federal itemized personal deductions for single filers and \$25,000 for taxpayers filing joint returns.

Present law provides for an individual income tax credit in an amount equal to 3.5% of the amount of the taxpayer's federal earned income tax credit authorized under Section 32 of the Internal Revenue Code.

Proposed law increases the amount of the state credit from 3.5% to 7% of the federal tax credit.

Proposed law with respect to the reduction in the individual income tax rate to a flat 4% rate shall be effective on Jan. 1, 2018. Proposed law provides for the further reduction of the flat individual income tax rate from 4% to a flat rate of 3% if the proposed amendment of Article VII of the Constitution of La. contained in the Act which originated as House Bill No. ____ of the 2017 R.S. of the Legislature is adopted at a statewide election and becomes effective.

Modifies certain income and corporation franchise tax credits and repeals certain income and corporation franchise tax credits (Section 6 of the Act).

Present law (R.S. 47:6006) provides for an income or corporation franchise tax credit for ad valorem taxes paid to political subdivisions on inventory held by manufacturers, distributors, and retailers and on natural gas held, used, or consumed in providing natural gas storage services or operating natural gas storage facilities.

Present law requires full refundability of any amount in excess of the taxpayer's state tax liability for taxpayers whose total payments of ad valorem tax eligible for the credit is less than \$500,000 and for taxpayers formed or first registered to do business in La. after April 1, 2016, whose payments of ad valorem taxes paid to all political subdivisions was less than \$10,000.

Present law requires that 75% of any amount in excess of the taxpayer's state tax liability be refunded and the remaining 25% be carried forward as a credit against subsequent tax liability for five years for the following taxpayers:

- (1) Taxpayers whose total payments of ad valorem tax eligible for the credit is at least \$500,000, but less than or equal \$1,000,000.
- (2) Taxpayers first registered to do business in La. after April 1, 2016, and whose total payments of ad valorem tax is at least \$10,000 or more, but no more than \$1,000,000.

Present law requires that, for taxpayers whose total payments of ad valorem tax eligible for the credit is \$1,000,000 or more, 75% of the first \$1,000,000 of excess credit be refunded and the remaining amount be carried forward as a credit against subsequent tax liability for five years.

Present law requires that, 75% of the first \$1,000,000 of excess credit be refunded and the remaining amount be carried forward as a credit against subsequent tax liability for five years.

Present law requires taxpayers that are members of a federal consolidated group combine their ad valorem taxes paid in order to determine the amount of the excess credit that is refundable.

Proposed law changes present law and makes the excess credit for any taxpayer nonrefundable. Further requires the remaining amount be carried forward as a credit against subsequent tax liability for five years.

Present law defines "manufacturer" as one of the following:

- (1) A person engaged in the business of working raw materials into wares suitable for use or which give new shapes, qualities, or combinations to matter which already has gone through some artificial process.
- (2) A person who meets the qualifications of (1) and who claimed the ad valorem exemption under present constitution during the taxable year in which the local inventory taxes were levied.

Proposed law repeals the portion of present law defining a manufacturer as one who claimed the ad valorem exemption under present constitution during the taxable year in which the local inventory taxes were levied.

Present law requires any excess credit claimed by a manufacturer who received an ad valorem tax exemption under present constitution to be carried forward as a credit against

subsequent tax liability for five years. This carryforward requirement is applicable to all related parties, affiliates, subsidiaries, parent companies, or owners of the manufacturer that held inventory related to the business of the manufacturer.

Claims for credits or transfers shall be allowed on a first-come-first-served bases.

Proposed law extends the \$180 million cap established in present law to each fiscal year through FY 2024-2025. Further reduces the cap as follows:

- (1) FY 2025-2026: \$135 million
- (2) FY 2026-2027: \$90 million
- (3) FY 2027-2028: \$45 million

Proposed law prohibits any new productions being approved by the office or the secretary of the Dept. of Economic Development on or after July 1, 2028.

The severance tax rate for distillate, condensate, or similar natural resources severed from the soil or water either with oil or gas is 12.5% of value.

Proposed law changes present law by reducing the tax rate on oil from 12.5% to 8% of value, and reducing the tax rate on distillate, condensate, or similar natural resources severed from the soil or water either with oil or gas from 12.5% to 8% of value.

Present law establishes an exemption from severance tax for oil production from a horizontally drilled well or horizontally drilled recompletion well that commences production on or after July 1, 2015. The duration of the exemption is 24 months or until payout, whichever occurs first. The amount of the exemption is based upon the price of oil as determined by the secretary of the Dept. of Natural Resources on July 1st of each year for the ensuing 12 months based on the average New York Mercantile Exchange prices per barrel from the previous 12 months. The amount of the exemption for a horizontally drilled well or recompletion well that produces oil shall be as follows:

Present law authorizes a dealer to retain an amount equal to 0.935% of the taxes remitted as compensation for collection and administration of the state tax. Limits the amount of vendor's compensation to \$1,500 per calendar month.

Proposed law changes present law and prohibits compensation for the state sales and use taxes accounted for and remitted pursuant to present law.

Present law (R.S. 47:6351) authorizes the secretary of the Dept. of Economic Development (DED) to enter into a contract with a procurement processing company which recruits purchasing companies to La. for incentive rebate payments (hereinafter "rebates") in exchange for the generation of new state tax revenue from new taxable sales. Further requires the secretary of the Dept. of Revenue (DOR) to pay rebates from the state tax revenue generated by the new taxable sales occurring in La. as a result of the operation of a procurement processing company in La.

Present law (R.S. 51:1781 et seq.) establishes the enterprise zone program through which businesses may enter into contracts with the Board of Commerce and Industry to receive income tax credits or sales and use tax rebate payments in exchange for the creation of a certain number of jobs that involve employees who meet certain residency and other requirements.

Present law (R.S. 51:2365 and 2367) establishes La. Mega Project Energy Assistance Rebate and the authorizes the secretary of the Dept. of Economic Development to grant a rebate of severance taxes paid on natural gas to certain mega-projects when the secretary has determined that the consumption of energy will be a major cost component of the operation of the project.

Present law (R.S. 51:2451 et seq.) establishes the Quality Jobs Program, which authorizes the granting of contracts by the Board of Commerce and Industry to businesses for the purposes of providing rebates and tax credits for the achievement of certain performance by the business. The term of the contract is five years.

Present law (R.S. 51:3111 et seq.) establishes the Corporate Headquarters Relocation Program, which grants to a "qualified business" a contract to receive a relocation rebate to relocate or expand its "headquarters" in La.

Present law (R.S. 51:3121) establishes the Competitive Projects Payroll Incentive Program through which businesses may contract with the Dept. of Economic Development for receipt of rebate payments in exchange for the creation of jobs. The contract provides for three different rebates: a rebate based on the amount of new payroll, a sales and use tax rebate for taxes paid, and a rebate equal to a percentage of the amount of certain qualified capital expenditures associated with a facility utilized in the performance of the contract.

Proposed law repeals present law.

Relative to corporate franchise tax (Section 10 of the Act):

Present law (R.S. 47:601 et seq.) establishes the corporation franchise tax which is levied on every domestic and foreign corporation exercising its charter, qualified to do business, or actually doing business in La. The corporation franchise tax is also levied on any domestic or foreign corporation owning or using any part of its capital, plant, or other property in La.

Present law provides that the tax shall be levied at the following rates:

- (1) \$1.50 per \$1,000 of taxable capital, up to \$300,000.
- (2) \$3 per \$1,000 of taxable capital above \$300,001.

Present law further provides for the administration of the tax as well as the collection and payment of the tax.

Proposed law repeals present law.

Relative to corporate income tax rate (Section 10 of this Act):

Changes the corporate income tax rate from a graduated schedule of rates dependent on the taxable income of the taxpayer to a flat rate of 6.5% and expands the tax to all "business income" and further authorizes a reduction to a flat 6% if certain conditions are met.

Present law provides that the tax to be assessed, levied, collected, and paid on the La. taxable income of every corporation shall be computed at the following rates:

- (1) 4% on the first \$25,000 of La. taxable income.
- (2) 5% on La. taxable income above \$25,000 but not in excess of \$50,000.
- (3) 6% on La. taxable income above \$50,000 but not in excess of \$100,000.

- (4) 7% on La. taxable income above \$100,000 but not in excess of \$200,000.
- (5) 8% on all La. taxable income in excess of \$200,000.

Proposed law changes present law by deleting the graduated schedule of rates dependant on the amount of taxable income of the taxpayer in favor of a flat 6.5% rate. Further expands the levy of this tax to "business income" and makes it applicable to business entities such as partnerships.

Present law provides for an exemption from corporate income for partnerships but requires partnerships with members who are not individuals or not residents of La. to file a partnership return of income.

Proposed law changes present law by deleting this exemption thereby making income earned by partnerships subject to the flat business income tax in proposed law.

Present law provides for the filing of composite returns for nonresident partners and members as well as the tax treatment of income earned by partners, partnership computations, distributive shares, and the determination of a partner's interest for purposes of calculating income tax liability.

Proposed law retains present law but clarifies that these provisions are applicable to calculating the tax levied on the *business income* of such entities.

Present law requires that income earned by corporations classified under Subchapter S provisions of federal law shall be taxed and required to comply with provisions of present law the same as any other corporation if the S corporation had been required to file an income tax return with the I.R.S. as a C corporation for the current and all prior taxable years in accordance with federal law.

Present law provides for an exclusion from corporate income tax for corporations classified as S corporations under federal law for the taxable year. Further provides that in computing La. taxable income, an S corporation may exclude the percentage of its La. net income for the taxable year.

Present law provides for a formula for the calculation of the percentage of La. net income that is not subject to La. corporate income tax.

Proposed law repeals the present law S corporation exclusion thereby making this income subject to the flat income tax levied on business income as provided for in proposed law.

Present law defines "tax table income" for resident individuals as means adjusted gross income plus interest on obligations of a state or political subdivision less items such as federal income tax liability, gratuitous loans and grants, excess amounts of personal exemptions and deductions, and amounts deposited into medical and educational savings accounts.

Proposed law retains present law but adds that dividends and distributions from La. corporations shall not be considered "tax table income" for resident individuals.

Applicable to all tax years beginning on and after Jan. 1, 2018.

Proposed law with respect to the reduction in the corporate income tax rate to a flat 6.5% rate shall be effective on Jan. 1, 2018. Proposed law provides for the further reduction of the flat corporate income tax rate from 6.5% to a flat rate of 6% if the proposed amendment of Article VII of the Constitution of La. contained in the Act which originated as House Bill No. ___ of the 2017 R.S. of the Legislature is adopted at a statewide election and becomes effective.

Applicable to all taxable periods beginning on or after January 1, 2018.

Proposed law Provides that Section 3 of this Act shall become effective and Section 2 of this Act shall not become effective if the proposed amendment of Article VII of the Constitution of Louisiana contained in the Act which originated as House Bill No. ____ of this 2017 Regular Session of the Legislature is adopted at a statewide election and becomes effective.
