

2017 Regular Session

SENATE BILL NO. 116

BY SENATORS MILLS AND BISHOP

Prefiled pursuant to Article III, Section 2(A)(4)(b)(i) of the Constitution of Louisiana.

LOCAL OFFICIALS. Provides for the Work Out Now: WON Louisiana Legislative Commission. (gov sig)

1 AN ACT

2 To enact Part III of Chapter 2 of Title 24 of the Louisiana Revised Statutes of 1950, to be
3 comprised of R.S. 24:111 through 114, relative to exercise and healthier
4 communities; to create the Work Out Now: WON Louisiana Legislative
5 Commission; to provide for commission membership, powers, duties, and functions;
6 to provide for staff support and finances for the commission; to provide for
7 cooperation with and support for the commission; to provide for an effective date;
8 and to provide for related matters.

9 Be it enacted by the Legislature of Louisiana:

10 Section 1. Part III of Chapter 2 of Title 24 of the Louisiana Revised Statutes of 1950,
11 comprised of R.S. 24:111 through 114, is hereby enacted to read as follows:

12 **PART III. WORK OUT NOW: WON LOUISIANA**

13 **LEGISLATIVE COMMISSION**

14 **§111. Purpose and Findings**

15 **A. Louisiana has the highest adult obesity rate in the nation and the**
16 **fourth highest obesity rate for children ages ten through seventeen.**

17 **Obesity-related health issues plague our citizens, with Louisiana ranking fifth**

1 in the nation for adults with diabetes and fourth in the nation for adults with
2 hypertension. The Louisiana Medicaid program alone spent more than
3 ninety-eight million dollars in 2014 in total obesity-related payments for
4 Medicaid-covered children and adults. In 2012, the Robert Wood Johnson
5 Foundation estimated that a cumulative five percent body mass index reduction
6 in children and adults in Louisiana could save the state nine billion dollars by
7 2030.

8 B. The issue of obesity in Louisiana has been studied tirelessly by
9 countless national and state entities and there is no shortage of plans, programs,
10 strategies, and initiatives by organizations at every level, and yet obesity rates
11 in Louisiana continue to increase every year. Our children and adults develop
12 obesity-related chronic diseases that impact every aspect of their lives, including
13 decreased school performance, job absences, and lack of engagement in family
14 and community, all of which decrease quality of life and come with a significant
15 financial impact to the state.

16 C. The legislature finds and declares that the greatest resource in
17 tackling any problem that impacts a community is the community itself. The
18 obesity crisis cannot be mandated away at the federal or state level. It must be
19 a priority at the local level, and to that end our mayors are key to the success of
20 any effort to first slow and then reverse our obesity rates, thereby saving money
21 and increasing the quality of life for all of our citizens. Our mayors must be
22 equipped with the information needed to help their constituents lead healthier
23 lives, which will result in a more prosperous community and save the taxpayers
24 millions of dollars related to treating preventable chronic diseases.

25 §112. Work Out Now: WON Louisiana Legislative Commission; established;
26 membership; duties

27 A. The Work Out Now: WON Louisiana Legislative Commission is
28 hereby established to work directly with local elected officials to bring the battle
29 against obesity to the local level.

1 **B. The chairman of the Senate Committee on Health and Welfare shall**
2 **serve as the chairman of the commission, which shall be comprised of the**
3 **following twelve members:**

4 **(1) Two members who serve on the Senate Committee on Health and**
5 **Welfare, one who shall be the chairman and one additional member to be**
6 **selected by the chairman.**

7 **(2) Two members who serve on the Senate Committee on Local and**

18 **level to:**

20 **what works in multi-system approaches to obesity, and how these approaches**
21 **can be implemented through community-led change strategies.**

22 **(2) Align obesity prevention activities at the local level based on a local**
23 **agenda.**

24 **(3) Engage community partners to disseminate and implement**
25 **evidence-based obesity prevention strategies.**

26 **(4) Facilitate communication that unites Louisiana local elected officials**
27 **with their local schools, businesses, organizations, and community members to**
28 **demonstrate their collective commitment to fighting obesity.**

29 **(5) Bring awareness to resources that are already available to**

1 communities but underutilized, such as joint use agreements provided for in
2 R.S. 9:2800.22.

3 (6) Facilitate information sharing and access to enable local elected
4 officials to engage existing programs that promote physical activity.

5 (7) Foster a healthy competition with similar-size communities
6 throughout Louisiana.

18 appropriate to best engage with the local elected officials. Notice shall be issued

20 meet if the chairman calls a hearing in a location outside of the Louisiana State

27 legislative auditor, or the commissioner of administration, for specific support
28 and assistance to be provided by the staffs of their respective agencies, if
29 needed.

1 **B. Each agency and political subdivision shall furnish aid, services, and**
 2 **assistance as requested by the commission.**

3 **§114. Termination of Part**

4 **Unless reauthorized by the legislature, the provisions of this Part shall**
 5 **expire on July 1, 2020, and this Part is deemed repealed on that date.**

6 Section 2. This Act shall become effective upon signature by the governor or, if not
 7 signed by the governor, upon expiration of the time for bills to become law without signature
 8 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
 9 vetoed by the governor and subsequently approved by the legislature, this Act shall become
 10 effective on the day following such approval.
