**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

**REVENUE EXPLANATION**

Proposed law is anticipated to decrease revenues of local governmental entities by an indeterminable amount. The proposed legislation requires public airports to allow disabled veterans to park up to 10 days for free. There are seven public airports in LA that provide commercial air service to passengers. All of the public airports are owned and operated by local governmental entities. To the extent that parking fees are utilized as revenue in the operation of the airport, this measure may decrease revenues to the seven local governmental entities. Information provided by the Department of Public Safety, Office of Motor Vehicles (OMV) indicates there are 27,848 disabled veteran licensed plates currently issued.
