SB 215 Reengrossed

DIGEST
2017 Regular Session

Tarver

Present law provides relative to admission and enrollment requirements for each type of charter school.

Proposed law provides that, notwithstanding present law or any process or policy adopted by a local education agency, a charter school may modify its application and enrollment procedures and directly enroll the child of a faculty member, provided the child meets all admission requirements for the school. Further provides that such child will not be counted when determining the enrollment capacity of a program, class, grade level, or school.

Proposed law authorizes a charter school with a foreign immersion mission to modify its application and enrollment procedures and directly enroll the child of a foreign consular officer residing in Louisiana, provided the child meets all mission-related and academic admission requirements established for the school. Provides that no student admitted to a charter school be counted to determine whether such enrollment exceeds the enrollment capacity of a program, class, grade level, or school.

Effective upon signature of the governor or lapse of time for gubernatorial action.
