Provides relative to bullying. (gov sig)

Current law requires each public school governing authority to adopt a student code of conduct which includes any disciplinary action to be taken against a student who violates the code; further requires that the code prohibits bullying. Proposed law authorizes a school employee who witnesses an incident of bullying to take all steps necessary to stop the behavior, including reasonable force or physical restraint. Authorizes a school official to contact law enforcement and have the student removed from school grounds and placed in the custody of an appropriate law enforcement agency. Extends parently option to enroll a child in another school when a determination has been made that a student has been the victim of bullying. Provides for school employee immunity in certain instances. Effective upon governor's signature.
