I. Commencing no later than January 31, 2016, the House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs shall review the credit authorized pursuant to the provisions of this Section to determine if the economic benefit provided by such credit outweigh the loss of revenue realized by the state as a result of awarding such credit. The House and Senate committees shall make a specific recommendation no later than March 1, 2017, to either continue the credit or to terminate the credit. No credits shall be allowed pursuant to this Section for applications received on or after July 1, 2025.

J. Credit caps, structured pay outs, and project size limitations

(1) Department of Economic Development program issuance cap.

(a) The department shall by rule establish the method of provisionally allocating available tax credits in initial certification letters, and the method for granting tax credits in final tax credit certification letters, including but not limited to a first-come, first-served system, reservation of tax credits for a specific time period, or other method which the department, in its discretion, may find beneficial to the program.

(b) For applications for state-certified productions and qualified entertainment companies submitted on or after July 1, 2017, the total amount of all tax credits granted in a final certification letter by the department in any fiscal year shall not exceed one hundred fifty million dollars. Twenty percent of the annual program cap shall be reserved as follows: five percent for qualified entertainment companies, five percent for Louisiana screenplay productions, and ten percent for independent film productions. If the total amount of credits applied for in any particular year exceeds the aggregate amount of tax credits
allowed for that year, the excess shall be treated as having been applied for on
the first day of the subsequent year.

(c)(i) If the total amount of credits granted to QEC’s in any fiscal year
is less than the QEC cap, any residual amount of unused credits shall carry
forward for use in subsequent years and may be granted in addition to the QEC
cap for each year.

(ii) If the total amount of credits granted in any fiscal year to screenplay
productions or independent film productions is less than their respective caps,
any residual amount may be available for issuance by the department during
that fiscal year as established by rule.

(d) The department shall make reasonable efforts to post a listing of
estimated amounts available under the cap on its website.

(2) Department of Revenue taxpayer claim cap.

returns for tax credits or transfers of such tax credits, including legacy credits,
to the Department of Revenue as provided for in Paragraph (C)(4) of this
Section shall be limited to an aggregate total of one hundred eighty million
dollars each fiscal year. If less than one hundred eighty million dollars of such
tax credits and transfers are allowed in a fiscal year, the remaining amount,
plus any amounts remaining from previous fiscal years, shall be added to the
one hundred eighty million dollar limit of subsequent fiscal years until that
amount of tax credits or tax credit transfers to the Department of Revenue are
claimed and allowed.

(b)(i) Claims for tax credits or transfers of tax credits to the Department
of Revenue shall be allowed on a first-come, first-served basis. Any taxpayer
whose claim for such tax credits or transfer to the Department of Revenue is
disallowed because the fiscal year cap has been reached may use the tax credits
against state income tax due in an original return filed in the next fiscal year or
may transfer tax credits to the Department of Revenue the next fiscal year, and
his claim or transfer shall have priority over other claims filed or transfers

(iii) Any transferor whose transfer of legacy credits to the Department of Revenue exceeds ten million dollars in one fiscal year shall be paid a maximum of ten million dollars that year and may transfer the remaining legacy credits, up to a maximum of ten million dollars for each subsequent fiscal year, to the Department of Revenue and his transfer shall have priority over other transfers applied for after the date of his original application for transfer.

(c) For all completed applications for transfer submitted to the Department of Revenue on or after July 1, 2017, the face value of the credits transferred to the Department of Revenue shall be subtracted from the remaining available Department of Revenue taxpayer claim cap.

(d) The Department of Revenue shall make reasonable efforts to post a listing of estimated amounts available under the cap on its website.

(b) The department shall by rule establish the circumstances under which a structured pay-out of credits may be required, including but not limited to the availability of tax credits in any given year or the best interests of the state.
