EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The proposed bill gives hospital service districts the option to enter into employment contracts with hospital executives. If the hospital chooses not to enter into an employment contract with hospital executives, then an executive serves at the pleasure of the hospital director, which is current practice. This measure does not dictate the salaries of the executives and it assumed that salaries would not change as a result of this measure.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
