14 Be it enacted by the Legislature of Louisiana:

15 Section 1. Part XIV of Chapter 3 of Title 46 of the Louisiana Revised Statutes of

16 1950, comprised of R.S. 46:460.101 through 460.106, is hereby enacted to read as follows:

1 PART XIV. LOUISIANA MEDICAID - PROMOTION OF WORK

2 AND COMMUNITY ENGAGEMENT

3 §460.101. Short title

4 This Part shall be known and may be cited as the "Promotion of Work and
5 Community Engagement in Medicaid Law".

6 §460.102. Definitions

7 As used in this Part, the following terms have the meaning ascribed in this
8 Section:

9 (1) "Able-bodied adult" means an adult without a disability who is nineteen
10 to sixty-four years of age.

11 (2) "Affordable Care Act" means the following acts of congress, collectively:

12 (a) The Patient Protection and Affordable Care Act, Public Law 111-148.

13 (b) The Health Care and Education Reconciliation Act, Public Law 111-152.

14 (3) "Centers for Medicare and Medicaid Services" and "CMS" mean the
15 division of the United States Department of Health and Human Services which
16 administers and regulates the medical assistance program provided for in Title XIX
17 of the Social Security Act commonly known as the Medicaid program.

18 (4) "Department" means the Louisiana Department of Health.

19 (5) "Medicaid" and "medical assistance program" mean the medical
20 assistance program provided for in Title XIX of the Social Security Act.

21 (6) "Secretary" means the secretary of the Louisiana Department of Health.

22 (7) "Section 1115 waiver application" means an application to the secretary
23 of the United States Department of Health and Human Services for certain provisions
24 of Title XIX of the Social Security Act to be waived, as authorized in section 1115
25 of the act, in order to provide a state Medicaid program with the flexibility to
26 implement an experimental, pilot, or demonstration project that promotes the
27 objectives of the Medicaid program.

28 §460.103. Legislative findings; declaration

29 A. The Legislature of Louisiana hereby finds and affirms the following:

1 (1) As reported by the department in December, 2017, over four hundred
2 fifty-three thousand adults are newly enrolled in Louisiana's Medicaid program
3 pursuant to expansion of the program's income eligibility standards, as authorized
4 in the Affordable Care Act, in 2016. Within this Medicaid expansion population,
5 fewer than two hundred eighty-four thousand persons, or sixty-two and one-half
6 percent of new adult enrollees, have earned income.

7 (2) A broad range of social, economic, and behavioral factors can have major
8 effects on an individual's health and wellness, and a growing body of evidence
9 suggests that targeting certain health determinants, including productive work and
10 community engagement, may improve health outcomes.

11 (3) Studies have found strong evidence that unemployment can be harmful
12 to health and is associated with higher mortality, poorer general health, poorer
13 mental health, and higher medical consultation and hospital admission rates.

14 (4) It is widely recognized that education can lead to improved health by
15 facilitating gains in health knowledge and raising awareness of healthy behaviors.

16 (5) Community engagement activities such as volunteering are associated
17 with improved health outcomes and can lead to paid employment.

18 B. The legislature hereby declares that it is the policy of this state to
19 encourage self-sufficiency so that Louisianians may reduce dependence on public
20 benefits to meet basic needs and become economically self-reliant. Therefore,
21 promoting work and community engagement among able-bodied adult Medicaid
22 enrollees is a public policy priority of this state.

23 §460.104. Work and other community engagement; requirement

24 Except as provided in R.S. 46:460.105, no able-bodied adult without a
25 dependent shall be eligible for Medicaid benefits unless he meets one or more of the
26 following criteria:
