EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Proposed law would require JLCB to approve whether monies in the Conservation Fund can be used for building acquisition. This approval could take place at a scheduled JLCB meeting, and would not require an additional meeting to be scheduled.

Note: In January 2018, the Interim Emergency Board considered a request which was subsequently approved by the legislature. The LDWF requested a scope clarification on a project contained in the capital outlay bill which clarified that the funds could be used to acquire buildings. The Department of Wildlife and Fisheries reports that one building has been purchased using Conservation Fund monies. The building is located in Lafayette, and was purchased on April 5, 2018 for \$6.75 M.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
