

1           B. For purposes of this Section, "fees" shall mean any monetary payment or  
2           supplies required as a condition of a student being enrolled in school or participating  
3           in any curricular or cocurricular activity. Fees shall not mean the cost of school  
4           meals.

5           C. Each policy shall contain, at a minimum:

6           (1) A list of all fees, including the purpose, use, and the amount or  
7           authorized range for each. Fees charged for the same item or service shall be  
8           consistent among all schools under the jurisdiction of the school governing authority.

9           (2) A description of how each fee is collected and spent.

10          (3) A description of how a student or his parent or legal guardian may  
11          request and receive a waiver of payment of a fee due to economic hardship and the  
12          objective criteria on which the granting of a waiver is based which may include but  
13          not be limited to the following relative to the student or his family:

14          (a) Is receiving unemployment benefits or public assistance including  
15          Temporary Assistance for Needy Families, Supplemental Nutrition Assistance  
16          Program, supplemental security income, or Medicaid.

17          (b) Is in foster care or is caring for children in foster care.

18          (c) Is homeless.

19          (d) Is serving in, or within the previous year has served in, active military  
20          service.

21          (e) Is eligible for free or reduced priced meals in schools not participating  
22          in the Community Eligibility Provision Program.

23          (f) Is an emancipated minor.

24          (4) An appeals process to the local superintendent or his designee for a  
25          waiver request that is initially denied.

26          (5) A prohibition against assessing a fee not authorized by the policy.

27          (6) A statement that failure to pay any required fee shall not result in the  
28          withholding of a student's educational record.

1 charter school established and operated in accordance with the provisions of this  
2 Chapter and its approved charter and the school's officers and employees shall be  
3 exempt from all statutory mandates or other statutory requirements that are  
4 applicable to public schools and to public school officers and employees except for  
5 the following laws otherwise applicable to public schools with the same grades:

13 (4) Accept the scholarship amounts provided to scholarship recipients as full  
14 payment of all educational costs, including incidental or supplementary fees that are  
15 charged to all enrolled students including but not limited to meals, field trips, and  
16 before- or after-school care. The school shall identify in writing all such fees that  
17 are paid with the scholarship. For any fees not charged to all enrolled students and  
18 not paid by the scholarship, the school shall adopt and disseminate to parents of  
19 scholarship recipients a policy that lists the fee and its purpose and amount and  
20 includes a process for parents of scholarship recipients to apply for and receive a  
21 waiver of the fee due to economic hardship, including objective criteria for granting  
22 such waivers. Such policy shall include a statement prohibiting the education  
23 records of a scholarship recipient from being withheld due to failure to pay any fine,  
24 debt, or other outstanding obligation.

HB 517 Original

2019 Regular Session

Smith

**Abstract:** Requires public school governing authorities to adopt policies relative to the assessment, collection, and use of fees charged to students in elementary and secondary schools or their parents or legal guardians. Requires schools participating in the voucher program to identify all fees paid with voucher funds and provide certain information about fees to the parents or legal guardians of voucher students.

Proposed law requires each public school governing authority to adopt and publish on its website a policy for the assessment, collection, and use of fees charged to students or their parent or legal guardians. Defines "fees" as any monetary payment or supplies required as a condition of a student being enrolled in school or participating in any curricular or cocurricular activity, excluding the cost of school meals. Requires specified components to be included in such policies including fee lists, amounts, and use, a process for requesting waivers due to economic hardship, and an appeals process when waivers are denied. Requires each public school to publish the policy on its website and include it in the school's student handbook. Requires the state Dept. of Education to report to the House and Senate education committees regarding the implementation and compliance with proposed law by public school governing authorities.

Present law, relative to the Student Scholarships for Educational Excellence Program, specifies requirements relative to schools (nonpublic and public) that participate in the program. Requires that participating schools accept the scholarship amounts provided to scholarship recipients as full payment of all educational costs, including incidental or supplementary fees that are charged to all enrolled students including but not limited to meals, field trips, and before- or after-school care. Proposed law additionally requires participating schools to identify all such fees that are paid with the scholarship. Provides that for any fees not charged to all enrolled students and not paid by the scholarship, the school shall adopt and disseminate to parents of scholarship recipients a policy that outlines the fee, its purpose, the amount charged, and a process by which parents of scholarship recipients may apply for and receive a waiver of the fee due to economic hardship, including objective criteria for granting such waivers. Requires that such policy shall include a statement prohibiting the education records of a scholarship recipient from being withheld due to failure to pay any fine, debt, or other outstanding obligation. Otherwise retains present law.

Proposed law provides that school supplies requested by classroom teachers of a student's parent or legal guardian shall not exceed a published amount per student per school year as determined by the public school governing authority and shall not constitute more than what a student can reasonably consume throughout the school year. Requires school principals to approve school supplies and to adopt a process for the inventory of such supplies. Provides that supplies remaining at the end of a school year shall be used in the following school year. Provides that a student shall not be denied the opportunity to participate in a classroom activity due to his inability to provide requested supplies.
