HB 498 Engrossed

2020 Regular Session

Emerson

Abstract: Requires licensing boards to waive fees to applicants who meet certain criteria and to offer payment plans.

Proposed law requires licensing boards to waive certain fees for applicants who meet either of the following criteria:

- (1) Receiving public assistance.
- (2) Earning less than 200 percent of the federal poverty guidelines, unless the applicant has been in an undergraduate or graduate school full time and therefore unable to work.

Proposed law requires licensing boards to inform applicants that they may be eligible for a fee waiver by placing notification on the application, and to provide instructions on how the applicant can request further information.

Proposed law requires licensing boards to offer payment plans to all qualified applicants.

Proposed law stipulates that fees paid by the payment plans are not to exceed the amount of fees charged for applicants paying the full price of exam or licensing.

Proposed law requires an individual who has been provided a payment plan to pay the account in full within 12 months of the first scheduled payment; failure to remit payment in full within the 12-month period may result in denial of license renewal for the individual.

Proposed law only applies to licensing agencies who directly administer their own examinations.

Effective June 30, 2021.
