EXPENDITURE EXPLANATION

There is no anticipated impact to expenditures of public post secondary institutions as a result of the prohibitions on collecting student debt.

REVENUE EXPLANATION

There will be a decrease in the revenues of public post secondary institutions as a result of the prohibitions on actions institutions may take to collect outstanding student debt. Outstanding student debt may consist of unpaid tuition and fees, parking fines, housing costs, and other charges. Currently, some institutions choose to withhold transcripts until such debt is repaid. Proposed legislation prohibits institutions from withholding these documents and/or increasing fees to obtain transcripts. It is unknown the extent to which this will impact the collections of these outstanding debts.
