

## RÉSUMÉ DIGEST

**ACT 262 (HB 375)**

**2020 Regular Session**

**Farnum**

Existing law authorizes commissioners of a gravity drainage district in Calcasieu Parish to receive a per diem for each day they are employed in service of the district. Provides that the board of commissioners sets the amount of the per diem, which is not to exceed \$150.

Existing law limits the maximum number of per diem payments a commissioner may receive in a year. Prior law provided that the maximum number was 36, except for commissioners of Calcasieu Parish Drainage Districts No. 4 and No. 5 who could receive 48 per diem payments in a year. New law provides that the maximum number of per diem payments for Consolidated Gravity Drainage Districts No. 1 and No. 2 is 48.

New law authorizes the board of commissioners of Consolidated Gravity Drainage Districts No. 1 and No. 2, subject to a two-thirds vote, to pay one elected officer it designates up to 12 additional per diem payments per year for administrative duties.

Effective Aug. 1, 2020.

(Amends R.S. 38:1794(A)(intro. para.) and (2)(c))
