2020 Second Extraordinary Session

Lambert

Present law provides that no later than November first of each year, the head of each budget unit shall present to the office of facility planning and control of the division of administration all requests for capital outlay expenditures proposed to be funded within the next five years.

Proposed law provides that capital outlay requests for a state-owned and administered project submitted by a budget unit of the state shall not be subject to the November first deadline set forth in present law. Further provides that the capital outlay request together with supporting information and documents for such project shall constitute the feasibility study required by Article VII, Section 11(C) of the La. Constitution.

Proposed law does not apply to a political subdivision which is also a budget unit of the state.

Present law provides that capital outlay budget requests submitted after November first may be included within the capital outlay act if the capital outlay budget request meets all of the applicable requirements as provided in R.S. 39:101 and 102 except for time of submission and if any of the following conditions have been met:

Proposed law adds state-owned and administered project submitted by a budget unit of the state as provided in proposed law to the list of projects which may be submitted after November first.

Effective upon signature of the governor or lapse of time for gubernatorial action.
