**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure since this resolution merely directs the LBCC to review the compensation of assistants and establish a salary schedule no later than April 12, 2021. To the extent the LBCC establishes a salary schedule at rates higher than baseline, there is a potential increase in SGF expenditures for the Legislature. Any such increase is speculative and would require establishment of a salary schedule by the LBCC and an appropriation increase to fund the pay adjustments presumably beginning in FY 22.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
