
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Christopher D. Adams.

DIGEST

Present law provides medical exemption to prohibitions on certain window tint on motor vehicles.

Proposed law requires medical personnel issuing the required affidavit for a medical exemption to answer a standard form prepared by the Office of State Police and include the form with the affidavit. Provides that Louisiana Medical Advisory Board shall review and decide whether a medical condition not listed on the form qualifies for the medical exemption

Proposed law requires the individual seeking the medical exemption to sign a notarized release authorizing the release of all medical records dealing with the medical exemption to the Department of Public Safety.

Proposed law requires the registered owner, spouse or family member operating or authorized to operate the motor vehicle with the medical exemption to display two decals issued by the Department of Public Safety.

Proposed law requires the medical exemption to be renewed each year.

Effective August 15, 2009.
