DIGEST

Present law provides for qualifications of qualified truck stop facilities.

Proposed law provides that notwithstanding any provision of law to the contrary, no license shall be issued for any truck stop facility unless previously applied for or licensed as of January 1, 2010, located, at the time application is made for a license to operate video draw poker devices, within 2,500 feet of any residential property unless the applicant for license has applied prior to January 1, 2010, with the local governing authority of the parish where the truck stop is located for a certificate of compliance with applicable zoning ordinances and building codes and a statement of approval for the operation of video draw poker devices at a truck stop facility as required by law or has applied with the appropriate authority for a building permit prior to January 1, 2010.

Proposed law further provides that no license shall be issued for any truck stop facility to an applicant who has applied with the local governing authority where the truck stop is located for a building permit prior to August 1, 2009, and who has described the boundaries of the proposed truck stop facility within that application, for any truck stop facility located outside the boundaries described in that application if the location of the proposed truck stop facility is within 2,500 feet of any residential property.

Effective August 15, 2009.
