

Regular Session, 2009

HOUSE BILL NO. 2

BY REPRESENTATIVE GREENE

CAPITAL OUTLAY: Provides for the comprehensive Capital Outlay budget

1 AN ACT

2 To provide with respect to the capital outlay budget and the capital outlay program for state
3 government, state institutions, and other public entities; to provide for the
4 designation of projects and improvements; to provide for the financing thereof
5 making appropriations from certain sources; and to provide for related matters.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. The following sums or so much thereof as may be necessary are hereby
8 appropriated out of any monies in the state treasury from the sources specified, from federal
9 funds and self-generated revenues belonging to the state of Louisiana and/or collected by
10 boards, commissions, departments, and agencies thereof, all for making capital outlay and
11 for the purposes and in the amounts specified herein for the Fiscal Year commencing July
12 1, 2009, and ending June 30, 2010, subject to the conditions thereafter provided:

13 A project with funding payable from General Obligation Bonds Priority 1 indicates
14 that the funding for the project includes the reauthorization of funding which was previously
15 on a line of credit granted by the State Bond Commission in Fiscal Year 2008-2009. As
16 used in this Section, the term "general obligation bonds" means state general obligation
17 bonds or other evidences of indebtedness payable from the Bond Security and Redemption
18 Fund. The amount set forth in this Section opposite each project, or so much thereof as may
19 be necessary, is hereby appropriated and payable from the proceeds available from the sale
20 of general obligation bonds, unless a different source of funding is indicated. Where such
21 a different source of funding is indicated, the corresponding amount set forth, or so much

1 thereof as may be necessary, is hereby appropriated and payable from the source of funding
2 indicated; provided, however, amounts appropriated and payable from federal funds may be
3 encumbered or expended only to the extent such amounts shall have been committed or
4 received. Pursuant to the provisions of R.S. 39:82, funds for planning, acquisition,
5 construction, and major repair projects appropriated by this act may be retained until
6 completion of the project, even if no bona fide liability exists on the last day of the fiscal
7 year.

8 This Act shall constitute the comprehensive state capital outlay budget for the 2009-
9 2010 Fiscal Year. Projects set forth which are payable from the proceeds available from the
10 sale of general obligation bonds shall have the priorities as indicated. The Request for Line
11 of Credit form used by the Attorney General and Bond Counsel in evaluating Louisiana
12 Constitutional, Internal Revenue Code, and applicable income tax regulations shall be filed
13 with the Commissioner of Administration, State Bond Commission, and State Attorney
14 General. No general obligation bonds shall be sold, nor cash lines of credit granted to fund
15 any lower priority project prior to the sale of general obligation bonds or the granting of cash
16 lines of credit to fund all higher priority projects (the "general rule"), except as hereinafter
17 provided. This prohibition against funding a lower priority project shall not apply upon a
18 showing of an impossibility or impracticality either to proceed with all unfunded higher
19 priority projects or to proceed with the funding of such projects or any part thereof through
20 the issuance of general obligation bonds for any reason. Such showing shall be stated in
21 reasonable detail in a certificate or certificates signed by the state agency responsible for
22 administering the funding, and filed with the Commissioner of Administration and the State
23 Bond Commission (hereinafter referred to as "the Commission"). Upon a determination by
24 the Commission that proceeding with such a project or the funding thereof through the
25 issuance of general obligation bonds is impractical or impossible, the Commission may then
26 proceed with the sale of general obligation bonds or the granting of cash lines of credit
27 without regard to the priority of the unfunded projects determined to be impossible or
28 impractical.

29 Upon recommendation by the state agency responsible for administering the funding,
30 if it is determined at any time that proceeding with the project or with the funding thereof

1 is no longer impossible or impractical, the State Bond Commission may rescind the
2 certificate of impossibility or impracticality and may proceed with the project or with the
3 issuance of general obligation bonds or the granting of cash lines of credit to fund the
4 project. Alternatively, the Interim Emergency Board (hereinafter referred to as "the Board"),
5 upon reviewing certificates as described above and determining that proceeding with such
6 project or the funding thereof through the issuance of general obligation bonds is impossible
7 or impractical, may designate a lower priority for such project. The Board's determination
8 and lower priority designation shall be submitted to the members of the Legislature for their
9 approval in accordance with the provisions of Chapter 3-B of Subtitle I of Title 39 of the
10 Louisiana Revised Statutes of 1950. In accordance with the provisions of Chapter 3-B of
11 Subtitle I of Title 39 of the Louisiana Revised Statutes of 1950, whenever at the written
12 request of the appropriate legislators and agency, the Board determines that an adjustment
13 to a project description originally set forth in such capital budget adopted by the Legislature
14 for a current fiscal year is necessary to correct a mistake in a project description, clarify a
15 description, change the scope of a description, or make any other adjustment the Board
16 deems necessary to implement the purpose of the project, such adjustment shall only become
17 effective upon the approval by majority vote of the elected members of each house of the
18 Legislature in the manner provided for in Chapter 3-B of Subtitle I of Title 39 of the
19 Louisiana Revised Statutes of 1950.

20 If such approval is granted, notification by the chair or secretary of the Board of the
21 results of the balloting shall be transmitted to the State Bond Commission, which may then
22 proceed with the sale of general obligation bonds or the granting of cash lines of credit for
23 each change approved upon request of the Commissioner of Administration in accordance
24 with the general rule.

25 With respect to Priorities 1 through 5, a lower priority project may be moved to a
26 higher priority only upon a showing of an emergency or other cause not reasonably
27 anticipated by the Legislature, which shall be stated in reasonable detail in a certificate
28 signed by the head of the appropriate department, political subdivision, or agency and filed
29 with the Commissioner of Administration and the Board. Upon a determination by the
30 Board that such project should be moved to a higher priority because of an emergency or

1 other cause not reasonably anticipated by the Legislature, the Board shall designate a higher
2 priority to the project. The matter then shall be submitted to and be subject to the same
3 approval by the members of the Legislature in the manner previously indicated in this
4 Section. If such approval is granted, notification by the chair or secretary of the board of the
5 change of priority shall be transmitted to the State Bond Commission, which then upon
6 request of the Commissioner of Administration, may proceed with the sale of general
7 obligation bonds or the granting of cash lines of credit in accordance with the general rule.
8 As to projects within a priority, the State Bond Commission acting on requests submitted by
9 the Commissioner of Administration shall determine when such project, or phases thereof,
10 shall be funded. In making such determination, the State Bond Commission shall consider
11 the amount of proceeds of general obligation bonds to be made available in light of money
12 and capital market conditions; the expenditure requirements of the project; the time required
13 for architectural plans and drawings, public bidding, and site acquisition and preparation;
14 availability of receipt of federal monies; litigation affecting the undertaking or completion
15 of a project, federal tax laws and regulations regarding the sale of municipal bonds; and
16 other items of a similar nature bearing upon the possibility or the necessity to commence a
17 project or any particular phase thereof.

18 Any other provision of this Act to the contrary notwithstanding, projects described
19 in Priority 5 of this Act shall not be moved to a higher priority except upon one of the
20 following conditions: (1) Funding is necessary to complete or additionally fund a project
21 located elsewhere in the capital outlay act. Determination of such condition shall be made
22 by the head of the appropriate department or agency by means of a certificate to that effect
23 filed with the Interim Emergency Board, who shall, by mail ballot, request approval of such
24 change and if approved by a majority of each house of the Legislature it shall be funded, or
25 (2) unless required by an emergency or other cause not reasonably anticipated by the
26 Legislature, to be in accordance with procedures set forth in this Section. However, the State
27 Bond Commission may authorize a non-cash line of credit for any project in Priority 5 which
28 represents that portion of construction contracts which were let during a previous fiscal year,
29 or construction contracts which will be let during the current fiscal year, but which will not
30 require cash expenditures during the year. Such non-cash lines of credit, when combined

1 with previously sold bonds or with higher priority bonds or lines of credit, or with funds
2 appropriated from other sources, will provide sufficient appropriated funds to award
3 equipment or construction contracts. Contracts shall not be awarded without approval of the
4 Division of Administration.

5 Upon approval by the State Bond Commission, and subject to compliance with its
6 policies and procedures and the procedures set forth herein, a line of credit providing for the
7 use of funds in anticipation of the sale of general obligation bonds may be granted to the
8 appropriate administering agency or department from the Comprehensive Capital Outlay
9 Escrow Account, or if there is not a sufficient amount available in such account, from other
10 available state cash in the state treasury, for capital improvement projects for which bond
11 proceeds are appropriated by a current capital budget, prior to the actual issuance of bonds
12 for such projects, unless the attorney general advises that an impediment exists to the valid
13 issuance of the bonds on the date such line of credit is granted.

14 All bonds that are to be repaid, in whole or in part, by revenues generated by the
15 project shall be designated as "Reimbursement Bonds". The State Bond Commission shall
16 enter into such agreements as are necessary to provide that the agency or subdivision, whose
17 project is reimbursable, shall pay the bond debt costs into the Bond Security and Redemption
18 Fund. Such costs may be paid annually or at the end of the term of the bonds issued as
19 determined by the State Bond Commission.

20 Priority 1 general obligation bond funding shall be limited to:

21 (1) Projects and amounts which were previously authorized by Act 29 of the 2008
22 Regular Session of the Legislature; and which were granted cash lines of credit by the State
23 Bond Commission. The bonds to fund these projects were not sold in Fiscal Year 2008-
24 2009.

25 (2) The reauthorization of the portion of the outstanding Fiscal Year 2008-2009
26 Priority 5 Non-Cash Lines of Credit for projects which will require cash expenditures in
27 Fiscal Year 2009-2010 and therefore must be converted to Cash Lines of Credit in Fiscal
28 Year 2009-2010.

29 (3) Commitments made in the Higher Education Desegregation Settlement
30 Agreement.

1 Priority 2 general obligation bond projects are for the completion of plans and
2 specifications, land acquisition, site preparation, or for construction which will begin during
3 the fiscal year. It is presently anticipated that the listed projects will require the sale of
4 bonds or extension of lines of credit during the fiscal year after adoption of this Act.

5 Priority 3 general obligation bond projects are for the preparation of plans and
6 specifications, land acquisition, site preparation, or for construction and shall be limited to
7 funding for the portion of construction contracts which will not require cash expenditures
8 during the fiscal year. The projects in this category shall be considered future year projects
9 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
10 will not require the sale of bonds or extension of lines of credit during the fiscal year.

11 Priority 4 general obligation bond projects are for the preparation of plans and
12 specifications, land acquisition, site preparation, or for construction and shall be limited to
13 funding for the portion of construction contracts which will not require cash expenditures
14 during the fiscal year. The projects in this category shall be considered future year projects
15 in the State's five year capital outlay plan. It is presently anticipated that the listed projects
16 will not require the sale of bonds or extension of lines of credit during the fiscal year.

17 Priority 5 general obligation bond funding shall be limited to funding for the portion
18 of construction contracts which will not require cash expenditures during the fiscal year.
19 These funds, when combined with previously sold bonds or with higher priority bonds on
20 lines of credit, or with funds appropriated from other sources, will provide sufficient
21 appropriated funds to award contracts. Non-cash lines of credit shall be required prior to the
22 award of these contracts.

23 In accordance with the cash management plan adopted pursuant to R.S. 48:251(D)
24 and the provisions of Act 161 of the 1998 First Extraordinary Session, the Department of
25 Transportation and Development is authorized to enter into contracts or agreements for
26 construction of projects approved pursuant to the Highway Priority Program, Airport
27 Construction and Development Priority Program, Port Construction and Development
28 Priority Program, and Statewide Flood Control Program for projects bid and awarded,
29 authorized, or commenced during the fiscal year which do not require cash expenditures for
30 the full contract or agreement amount.

1 Section 2. The expenditure of funds appropriated in this Act, except appropriations
2 made to non-profit economic development corporations, shall be in conformity to all existing
3 statutes relative to public bidding, contractual review, and R.S. 39:101 through 128 and any
4 other statutes affecting the capital outlay program for state government, state institutions,
5 and political entities. No contract shall be awarded for any project prior to the granting of
6 a line of credit or the sale of bonds by the State Bond Commission, determination by the
7 State Treasurer that cash funding is available in the Comprehensive Capital Outlay Escrow
8 Account for the project, or delivery of revenue bonds whose issuance is authorized in
9 Section 1 of this Act.

10 Section 3. Payment for projects specified in this Act must be made by warrant
11 submitted to the Division of Administration, Department of Transportation and
12 Development, the State Treasurer or other administering agency as provided in Section 8,
13 whichever is appropriate, only to the extent of funds required for immediate payment.
14 Copies of invoices or other supporting documentation shall be submitted with warrants. In
15 the event that any equipment included in this Act, is procured pursuant to the provisions of
16 the State Lease Purchase Act, R.S. 39:1761 et seq., the amounts included in this Act for each
17 such piece of equipment shall not be appropriated. The provisions of R.S. 39:1771 which
18 require equipment to be leased under the State Lease Purchase Act to be included in the
19 executive budget and approved by the Legislature through inclusion in the General
20 Appropriation Act shall be considered waived upon the inclusion of such equipment in this
21 Act. Projects contained in this Act may, at the direction of the Division of Administration
22 and with the approval of the State Bond Commission, alternatively be funded through
23 financing programs heretofore or hereafter provided by a public trust and public corporation
24 duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the State and the
25 Louisiana Local Government Environmental Facilities and Community Development
26 Authority, pursuant to R.S. 33:4548.1 et seq.

27 Section 4. If at any time during the Fiscal Year 2009-2010, the Governor should
28 find, or the Joint Legislative Committee on the Budget or the Commissioner of
29 Administration should report to the Governor, that the receipts of the treasury are falling
30 short or appear likely to fall short of the revenue estimates for the fiscal year and that a cash

1 deficit is likely to be incurred, the Governor shall take such steps as deemed necessary to
2 prevent the occurrence of a cash deficit. In the event that a capital outlay project funded in
3 this Act falls under an agency which is abolished or for which funds are not appropriated in
4 the 2009-2010 General Appropriation Act, then the funds appropriated in this Act for such
5 capital outlay projects shall not be expended unless deemed necessary by the Governor to
6 protect life or property. In the event that legislation is enacted which transfers facilities or
7 programs for which projects are funded in this Act, on behalf of one agency, institution,
8 department, or management board to another agency, institution, department, or management
9 board, then the projects in this Act shall be deemed transferred also.

10 Section 5. All monies appropriated by this Act and any applicable funds of a prior
11 capital outlay budget act adopted by the Legislature shall be deposited by the State Treasurer
12 in the Comprehensive Capital Outlay Escrow Account, established by this Section, in the
13 state treasury. Notwithstanding any provisions contained herein or other law to the contrary,
14 any original issue premium or accrued interest proceeds received pursuant to the sale of
15 general obligation bonds shall remain on deposit to the credit of the Bond Security and
16 Redemption Fund until such time as they may be utilized in accordance with U.S.
17 Department of Treasury Regulations promulgated pursuant to the Internal Revenue Code of
18 1986. All such monies shall be administered according to the particular act pertaining to the
19 fiscal year in which such monies were appropriated. If it is determined by the Director of
20 the Office of Facility Planning and Control, Division of Administration, that the funds
21 appropriated by this Act or any prior capital outlay budget act are not sufficient to complete
22 the projects contained in any capital outlay budget act, through unavoidable deficiencies in
23 appropriation, including administrative and legal requirements, the Commissioner of
24 Administration, subject to approval of the Joint Legislative Committee on the Budget, may
25 direct the use of interest earned from the investment of general obligation bond or note
26 proceeds in the Comprehensive Capital Outlay Escrow Account, not to exceed an aggregate
27 of five million dollars in any one fiscal year, for the purpose of completing the projects
28 contained in any capital outlay budget act and such money shall be deemed appropriated in
29 specific amounts necessary for such purpose. All appropriations in this Act which are made
30 as additions to funds for previously authorized projects shall be included, for accounting

1 purposes, in the account of said previously authorized projects. If it is determined by the
2 Director of the Office of Facility Planning and Control, Division of Administration, that it
3 is cost effective and practical to combine individual appropriations, the Commissioner of
4 Administration, subject to the approval of the Joint Legislative Committee on the Budget,
5 may direct that two or more appropriations or parts thereof may be combined into a single
6 project for accounting and audit purposes. The Commissioner of Administration may direct
7 that funding in the various statewide and/or multiple parish projects for improvements for
8 state facilities may be transferred to any project, in this Act or any previous Capital Outlay
9 Act, which require supplemental funding for improvements for state facilities which qualify
10 for funding through the various statewide and/or multiple parish projects for improvements
11 for state facilities. The Office of Facility Planning and Control of the Division of
12 Administration is authorized to receive settlements and vendor rebates not in excess of
13 \$50,000 unless approved by the Joint Legislative Committee on the Budget, and to add those
14 receipts to the funding for projects in this Act or any previous Capital Outlay Act for which
15 project funds are received. The Office of Facility Planning and Control in the Division of
16 Administration is authorized to receive insurance payments and are hereby authorized to
17 immediately repair facilities that suffer insurance losses without those projects being
18 included in the Act and shall report to the Joint Legislative Committee on the Budget any
19 expenditures from insurance funds received pursuant to this section. A portion, as
20 determined by the Commissioner of Administration and not to exceed one percent (1%), of
21 the funding for projects which qualify for the Percent for Art program, may be transferred
22 from the qualifying project budgets, to the Department of Culture, Recreation and Tourism
23 for costs of acquiring art and administering the program. For all Percent for Art program
24 projects in this or any previous capital outlay, up to ten percent (10%) of the aforementioned
25 one percent (1%) may be used for the costs of administering the projects.

26 Section 6. Prior to March 1, 2010, the Commissioner shall submit to the Legislature,
27 in addition to the projects required to be reported by R.S. 39:105, a list of projects that are
28 completed and the cash balances remaining in each project.

29 Section 7. The Commissioner of Administration, with the approval of the Joint
30 Legislative Committee on the Budget, is authorized to supplement or substitute the

1 appropriations specified in this or previous capital outlay acts with any federal or other funds
2 which are or may become available and such funds shall be deemed appropriated in specific
3 amounts necessary for the purposes of this Act. Any funds received by the State Bond
4 Commission as a result of a prepayment of reimbursement contracts as authorized by law
5 and the Policy and Procedure for Reimbursement Contracts of the Department of Treasury,
6 Office of State Bond Commission, shall be deposited as set forth in such Policy and
7 Procedure and shall be deemed available and appropriated in specific amounts necessary for
8 the purposes of this Act pursuant to the procedure set forth in this section.

9 Section 8. All of the funds herein appropriated, except for appropriations made to
10 the Department of Military Affairs, the Legislature, the Louisiana Stadium and Exposition
11 District, the Department of Economic Development prior to the 2004 Regular Legislative
12 Session, the Department of Economic Development for the Aerospace Manufacturing
13 Infrastructure appropriation, the Department of Economic Development for the Automotive
14 Manufacturing Infrastructure appropriation, the Department of Economic Development for
15 the LITE Equipment appropriation, the Department of Economic Development for the
16 Louisiana Gene Therapy Consortium appropriations, the Department of Economic
17 Development for the Economic Development Award Program, the Division of
18 Administration for Supplemental State Funds for Local Government Assistance Program,
19 or the Department of Transportation and Development, shall be considered as having been
20 appropriated directly to the Office of Facility Planning and Control, Division of
21 Administration, and all projects herein authorized and funded shall be subject to the
22 provisions of R.S. 39:101 through 128. All of the funds herein appropriated under the name
23 of non-state entities, shall be considered as having been appropriated directly to the Office
24 of Facility Planning and Control, Division of Administration, and shall be administered by
25 the Office of Facility Planning and Control, Division of Administration, under cooperative
26 endeavor agreements. All cooperative endeavor agreements for non-state entities which are
27 political subdivisions shall be prepared by the Office of Facility Planning and Control and
28 the Commissioner of Administration is hereby authorized and directed to effectuate any
29 necessary transfer of funds from the Department of Justice to the Office of Facility Planning
30 and Control in order to accomplish this purpose. However, all cooperative endeavor

1 agreements between the Department of Transportation and Development and non-state
2 entities entered into prior to the passage of this Act shall continue to be administered by the
3 Department of Transportation and Development. Cooperative endeavor agreements entered
4 into pursuant to this Act, and approved by the Commissioner of Administration or his
5 designee, or the Secretary of the Department of Transportation and Development for projects
6 appropriated to or administered by the Department of Transportation and Development, shall
7 not be required to be submitted to the Division of Administration, Office of Contractual
8 Review. For all projects in this or any previous Capital Outlay Act appropriated to the
9 Office of Facility Planning and Control, Division of Administration, including those
10 administered by cooperative endeavor agreements, up to six percent of each line-item may
11 be used for costs of administering the projects. For all projects in this or any previous
12 Capital Outlay Act appropriated to the Department of Transportation and Development, up
13 to six percent of each line-item may be used for costs of administering the projects, or for
14 field engineering/construction supervision. Line-item general obligation bond projects
15 appropriated to the Department of Transportation and Development in this or any previous
16 Capital Outlay Act shall be authorized to draw Transportation Trust Funds from the
17 Highway Program appropriation, for supplemental funding on overruns in excess of the
18 original estimated project cost as determined by the Department of Transportation and
19 Development, provided however that said projects are in the state or federal highway system
20 and in the priority program, and the overrun is less than \$50,000. Any such overrun of
21 \$50,000 or more must be approved by the Joint Legislative Committee on the Budget.
22 Furthermore, all ports, levee districts and other non-state entities must have a fully executed
23 cooperative endeavor agreement, from the Office of Facility Planning and Control,
24 Department of Transportation and Development, or the State Treasurer, whichever is
25 appropriate, before entering into any contracts which obligate state funding; and must follow
26 all laws pertaining to public bidding. If a port, levee district or other non-state entity enters
27 into a contract prior to receipt of funding, or prior to execution of a cooperative endeavor
28 agreement, then payments under such contracts are prohibited from capital outlay
29 appropriations, and are the sole responsibility of the port, levee district, or other non-state
30 entity. Notwithstanding the provisions of this Section or any other capital outlay act,

1 contracts may be entered into for the Atchafalaya Basin Protection and Enhancement
2 Kemper Williams project in St. Mary Parish prior to a cooperative endeavor agreement being
3 entered into with the state. Notwithstanding anything contained in this or any other capital
4 outlay act, contracts may be entered into for the Arts Council of New Orleans Artist Guild
5 project prior to receipt of funding. Notwithstanding anything contained in this or any other
6 capital outlay act, contracts may be entered into for the Natchitoches Industrial Park South
7 project prior to receipt of funding and prior to execution of a cooperative endeavor
8 agreement. For the limited purposes of this Act and any other capital outlay act, the public
9 contract law shall not apply to the Sewer Repair project for the Town of Tickfaw
10 appropriated in Act 28 of the 2007 Regular Session. Notwithstanding anything contained
11 in this Act to the contrary or any other provision of law, contracts may be entered into for
12 the South Toledo Bend Waterworks District Water Treatment and Booster Plant Expansion
13 prior to receipt of funding and prior to execution of the cooperative endeavor agreement.
14 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
15 contracts may be entered into for the Livingston Parish Twenty-First District Complex prior
16 to receipt of funding and prior to execution of the cooperative endeavor agreement.
17 Notwithstanding anything contained in this Act to the contrary or any other provision of law,
18 the scope of the appropriations made in this or any other Capital Outlay Act for the St. Mary
19 Parish Plantation Pump Station Replacement project shall be deemed to include repair,
20 equipment, rehabilitation and infrastructure improvements at the existing Plantation Pump
21 Station. Notwithstanding anything contained in this Act to the contrary or any other
22 provision of law, the scope of the appropriation made in Act 27 of 2006 for the Campus
23 Development for Delta Community College project shall be deemed to include an economic
24 development initiative. Notwithstanding anything contained in this Act to the contrary or
25 any other provision of law, the scope of the appropriations made in this or any other Capital
26 Outlay Act for the St. Martin Parish I-10 Frontage Road Project shall be deemed to include
27 the planning, designing, and construction of public infrastructure improvements, including
28 but not limited to roadways, water, sewer, lighting, and drainage improvements, adjacent to
29 said frontage roads for the purposes of economic development and job creation as certified
30 and audited by the St. Martin Economic Development Authority. Notwithstanding any other

1 provision of this Act or any other provision of law to the contrary, the scope of the
2 appropriations made in Act 26 of the 2005 Regular Session of the Legislature for Weeks
3 Park Open Air Pavilion project in Iberia Parish shall be deemed to include lighting,
4 bathrooms, concession stand, and park improvements. Notwithstanding any other provision
5 of this Act or any other provision of law to the contrary, the scope of the appropriation made
6 for the Louisiana Leadership Institute shall be deemed to include a multi-purpose education
7 enrichment center, athletic field and band hall and the design professional fees may exceed
8 the state guidelines administrated by the Office of Facility Planning and Control of the
9 Division of Administration. Notwithstanding the provisions of this Act or any other capital
10 outlay act, the "LSU Baton Rouge, Computer Facility, Planning and Construction (East
11 Baton Rouge)" project contained in Act 28 of the 2007 Regular Session, is transferred to the
12 Department of Economic Development. Notwithstanding anything contained in this act to
13 the contrary or any other Act or provision of law, the appropriations made for the Executive
14 Department for facilities which promote economic development included in the Repair,
15 Restoration, and Replacement for Hurricanes Katrina and Rita project, and the Department
16 of Economic Development projects are for public purposes pursuant to the provisions of
17 Article VII, Section 14 of the Constitution of Louisiana primarily for economic
18 development, including the generation of tax revenues, creation of jobs, promotion of
19 tourism, and creation of facilities for charitable, cultural, artistic, educational, social, civic,
20 research, service, economic development activities, or provide facilities for professional golf
21 events, pursuant to the terms of cooperative endeavor agreements, including leases and all
22 expenditures of these appropriations and may be exempted, by the Commissioner of
23 Administration, from all statutes relative to public bidding, contractual review and the
24 provisions of R.S. 33:9029.2(D) and in lieu thereof be allowed to use alternative competitive
25 contracting arrangements where the appropriate administering entity submits documentation
26 to the Commissioner of Administration substantiating that it is in the best interest of the
27 citizens of the state, due to economic and/or operational benefits, and the necessity to
28 complete the projects in a timely manner; and, the appropriate administering entity shall
29 have the authority to directly appoint the design professional from a list of a minimum of
30 three design firms or joint ventures with the appropriate specialized facility design

1 experience submitted to and acceptable to the Commissioner of Administration and shall be
2 exempt from other state requirements for selection of designers, and may include
3 expenditures for computers, fixtures, furniture, and other equipment as such is deemed to
4 be capital outlay in nature, and unless the Commissioner of Administration is advised by
5 bond counsel to the State that such may violate federal tax law, may be used to reimburse
6 any expenditure made prior to the granting of a line of credit or the sale of bonds by the State
7 Bond Commission, determination by the State Treasurer that cash funding has been
8 deposited in the Comprehensive Capital Outlay Escrow Account for the project or the
9 execution of a cooperative agreement from the Office of Facility Planning and Control, and
10 may be used to acquire land or real property, the title to which is held in the name of an
11 entity exempt from taxation under the provisions of Title 26, Section 501(c)(3) of the United
12 States Code. Notwithstanding anything contained in this or any other capital outlay act or
13 any other provision of law, the scope of the appropriation to the Louisiana Stadium and
14 Exposition District Board of Commissioners which formerly was described as a NBA
15 Basketball Training Facility shall be deemed to be inclusive of other professional sports
16 facilities for planning, construction, leasehold improvements or acquisitions of such
17 leasehold improvements. Notwithstanding any provision of law to the contrary, the
18 Commissioner of Administration is hereby authorized to take such actions as are necessary,
19 including using such funds as may be available including those appropriated and available
20 under this Act for professional sports facilities through the Louisiana Stadium and
21 Exposition District and that are otherwise available, executing on behalf of the State such
22 documents as are necessary in order to terminate the ground lease between the State and the
23 PGA and thereby acquiring all leasehold improvements for the State, extending the
24 management agreement between the State and the PGA, and extending the sponsorship and
25 presence of the Zurich Classic in the Greater New Orleans area. Notwithstanding anything
26 contained in this or any other capital outlay act, any contract for the repair or restoration of
27 facilities for professional golf events for damages due to Hurricanes Katrina and Rita shall
28 be deemed to have been sole source procurements for purposes of R.S. 39:1597.
29 Notwithstanding anything contained in this or any other capital outlay act, contracts may be
30 entered into for the Tulane National Primate Research Center prior to receipt of funding and

1 prior to execution of a cooperative endeavor agreement and the project is exempted from all
2 statutes relative to public bidding and contractual review and in lieu thereof the appropriate
3 administering entity shall have the authority to directly appoint design professionals and
4 construction managers in accordance with National Institute of Health Design and
5 Construction Guidelines. Notwithstanding anything contained in this act to the contrary or
6 any other provision of law, the appropriations made for the Louisiana Stadium and
7 Exposition District shall be appropriated directly to the Louisiana Stadium and Exposition
8 District, and are public purposes pursuant to the provisions of Article VII, Section 14 of the
9 Constitution of Louisiana primarily for economic development, including the generation of
10 tax revenue, creation of jobs, and the generation of tourism, and may be used to reimburse
11 any expenditure made prior to the granting of a line of credit or the sale of bonds by the State
12 Bond Commission, determination by the State Treasurer that cash funding has been
13 deposited in the Comprehensive Capital Outlay Escrow Account for the project. Contracts
14 for projects funded through this appropriation shall be awarded utilizing the public bid and
15 contractual review process set forth in Chapter 10 of Title 38 and Chapter 16 of Title 39 of
16 the Louisiana Revised Statutes of 1950, except with respect to time requirements, or, in
17 order to encourage competition for the projects funded through this appropriation and to
18 complete the projects in a timely manner, the Louisiana Stadium and Exposition District
19 shall have the authority to select a general contractor through an RFP process whereby
20 general contractors will bid general conditions and contractor's fee based on the direct
21 construction budget. The alternative time requirements shall be approved by the
22 Commissioner of Administration before the awarding of any such contracts. The Louisiana
23 Stadium and Exposition District shall have the authority to directly appoint the design
24 professional from a list of a minimum of three architectural firms or joint ventures with
25 professional sports facility design experience acceptable to the Commissioner of
26 Administration and shall be exempt from other state requirements for selection of designers.
27 The design professional fee shall be in accordance with state guidelines administered by the
28 Office of Facility Planning and Control of the Division of Administration. Eligible expenses
29 for Economic Development Award Program funds may include documented project
30 expenses beginning on the date of LEDC Board approval of the project and may be

1 reimbursed upon execution of the cooperative endeavor agreement for the project. The new
2 Medical Center of Louisiana New Orleans project in Orleans Parish shall be exempt from
3 the state's requirements for selection of designers and the Commissioner of Administration
4 shall have the authority to approve a design professional selection process. The design
5 professional fee shall be in accordance with state guidelines administrated by the Office of
6 Facility Planning and Control of the Division of Administration. The Division of
7 Administration, Office of Facility Planning and Control, with approval of the Commissioner
8 of Administration and the Joint Legislative Committee on the Budget, is authorized to use
9 alternative delivery strategies in implementing the Medical Center of Louisiana New Orleans
10 project and hurricane damage repairs to Southern University at New Orleans. For all
11 projects administered by the Office of Facility Planning and Control and payable from
12 proceeds of self-generated revenues, funds shall be remitted to the Office of Facility
13 Planning and Control for deposit in the state treasury at such time as may be deemed
14 necessary by the Office of Facility Planning and Control in order to cover the amount of
15 contracts or other project expenses. The State Treasurer shall refund to the appropriate
16 source any surplus self-generated funds, advanced insurance funds received by Facility
17 Planning and Control as Interagency Transfer from Office of Risk Management associated
18 with hurricane damage recovery, and interest earned on these funds, provided the Treasurer's
19 Office is notified, when these funds are deposited in the state treasury, that the user agency
20 or Office of Risk Management intends to request a refund of this interest. Any revenue
21 bonds appropriated in Section 1 of this Act shall not be secured by the full faith and credit
22 of the state.

23 Section 9. Notwithstanding any provisions contained herein or any other law to the
24 contrary, the provisions of Chapter 16 of Subtitle III of Title 39 of the Louisiana Revised
25 Statutes of 1950 as amended, shall not apply to architectural and engineering contracts,
26 administered by the Office of Facility Planning and Control, Division of Administration
27 pursuant to this or any other capital outlay act.

28 Section 10. All funds appropriated herein to the Office of Facility Planning and
29 Control, Division of Administration, on behalf of non-state entities, and administered by
30 cooperative endeavor agreements pursuant to this Act shall be expended within two (2) years

1 from the date of the issuance of the bonds. The Office of Facility Planning and Control,
2 Division of Administration, agrees that it will notify the non-state entity of the date the
3 bonds are issued within three (3) months from the issuance thereof. The non-state entity
4 understands and agrees that if the funds appropriated herein and administered under
5 cooperative endeavor agreements pursuant to this Act are not totally expended within two
6 (2) years from the issuance of the bonds, the Office of Facility Planning and Control,
7 Division of Administration, can close the project and recommend that the Legislature
8 reallocate any unexpended proceeds to other projects.

9 Section 11. Notwithstanding any provisions contained herein or law to the contrary,
10 the proceeds of revenue bonds to be utilized to fund certain projects authorized in Section
11 1 hereof may, in accordance with Article VII, Section 9 of the Louisiana Constitution of
12 1974, be deposited in special accounts held outside the state treasury in accordance with the
13 provisions of any bond resolution, indenture, reimbursement contract, or other bond or
14 financing covenant which provides for the pledge of such funds in connection with the
15 issuance of revenue bonds. For all projects administered by the Office of Facility Planning
16 and Control, Division of Administration, authorized in Section 1 hereof which are payable
17 from the proceeds of revenue bonds, only the Office of Facility Planning and Control,
18 Division of Administration, will be authorized to requisition funds from the special accounts
19 described immediately above, at such time or times as may be deemed necessary by the
20 Office of Facility Planning and Control, Division of Administration, in order to cover
21 contract amounts or other project expenses.

22 Section 12. The Governor shall have the power to veto any line-item in this Act.

23 Section 13. Except as otherwise provided herein, no funds shall be expended on any
24 highway projects on highways within the state highway system as defined in R.S. 48:191
25 under the jurisdiction of the Department of Transportation and Development unless and until
26 such project is in the Highway Program, R.S. 48:228 through 232, approved by the Joint
27 Legislative Committee on Transportation, Highways and Public Works.

28 Section 14. The word "statewide" used in place of the specific parish designation for
29 projects contained in this Act indicates that the project or program is applicable to all sixty
30 four parishes in the state. The description of any project in this Act shall be deemed to

1 include planning, design, master planning, studies, permits, surveys, testing, construction,
2 land and/or building/improvement acquisition, reconstruction, renovation, repair, right of
3 way and utilities, site and other improvements, miscellaneous/contingencies, lease hold
4 improvements ultimately owned by the State or a political subdivision of the State,
5 equipment and other acquisitions, and any other component of the project if such are
6 included or indicated in the capital outlay request for such projects required by R.S. 39:101
7 subject to the provisions of Title 39 of the Louisiana Revised Statutes. For new construction
8 or renovation projects, equipment or other acquisitions, which can reasonably be considered
9 necessary for the facility to be functional, may be deemed to be included in the project, even
10 if such equipment or other acquisitions are not included or indicated in the project name or
11 the capital outlay request. When local or federal match is referenced in a project title, but
12 only a portion of the state appropriation is granted a line of credit or otherwise funded, then
13 the amount of local or federal match, required to be made available, may be prorated relative
14 to the amount of state appropriation made available through lines of credit.

15 Section 15. The provisions, items, and projects contained in this Act are severable
16 and if any provision, item, or project contained herein, or the application of any such
17 provision, item, or project, is held invalid, such invalidity shall not affect other provisions,
18 items, projects, or applications of the Act which can be given effect without the invalid
19 provision, project, item, or application.

20 Section 16. Notwithstanding any other provisions of law to the contrary, the State
21 shall not grant cash lines of credit, or authorize or issue general obligation bonds in a
22 principal amount in excess of \$1,586,475,000 for Fiscal Year 2009-2010.

23 Section 17. Notwithstanding the provisions of Act 422 of 1988, which mandates that
24 high rise state buildings must have sprinklers by January of 1999, the deadline is hereby
25 extended until December 31, 2010, to allow the completion of ongoing capital outlay
26 sprinkler installation projects.

27 Section 18. Notwithstanding any contrary provision of this Act or any contrary
28 provision of law, no funds appropriated by this Act shall be released or provided to any
29 recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails
30 or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered

1 to fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during
 2 any extension of time granted by the Legislative Auditor to the recipient to comply. The
 3 Legislative Auditor is authorized to grant an extension of time to comply with the provisions
 4 of R.S. 24:513 for recipient entities of an appropriation contained in this Act.

5 Section 19. This Act shall become effective upon signature by the Governor or, if
 6 not signed by the Governor, upon expiration of the time for bills to become law without
 7 signature by the Governor, as provided in Article III, Section 18 of the Constitution of
 8 Louisiana. If vetoed by the Governor and subsequently approved by the Legislature, this Act
 9 shall become effective on the day following such approval.
