Present law provides a program of merit scholarships for first time freshman attending public postsecondary institutions or regionally accredited independent colleges or universities in this state who meet a specified GPA, ACT score, and core curriculum requirements as follows:

1. Opportunity Award in the amount of actual tuition for attendance at a public college or university, or the state average of public four-year colleges' tuition for attendance at a regionally accredited independent college or university.
2. Performance Award in the amount of actual tuition plus \$200 per semester for attendance at a public college or university, or the state average of public four-year colleges' tuition plus \$200 per semester for attendance at a regionally accredited independent college or university.

Proposed law provides that the recipient of a TOPS-Tech Plus Award shall receive from the state an amount equal to that provided to recipients of the Opportunity Award.

Proposed law provides that beginning with the 2009-2010 award year and thereafter, the office of student financial assistance is required to select up to 100 students from among those who qualify to receive the TOPS-Tech Plus award based upon a student's final cumulative GPA at the time of graduation with an associate degree. Authorizes additional criteria to be established by rule to resolve the issue of tie scores.

Proposed law requires TOPS-Tech Plus Award recipients to meet the continuation requirements established in present law for Opportunity Award recipients.

Proposed law limits eligibility for the TOPS-Tech Plus Award to four semesters or an equivalent number of units in an eligible institution which operates on a schedule based on units other than semesters, unless an extension is granted by the administering agency in accordance with its rules.
