

Existing law provides relative to the Board of Supervisors of Community and Technical Colleges, including establishment, membership, meetings, powers, and duties.

New law adds authority for the board to equalize the tuition and registration fee amounts for online courses offered by institutions under its jurisdiction by setting a uniform tuition and registration fee amount for each online course in an amount up to the highest amount authorized by law for such courses in effect on the effective date of new law. Provides that such uniform tuition and registration fee amounts shall not be raised unless authorized by law.

Effective upon signature of governor (July 1, 2009).
