DIGEST

Present law requires the Board of Regents to adopt rules for the transaction of its business and to keep an accurate record of all of its proceedings and official actions. Further requires that all papers, documents, and records appertaining to the board be filed at the board's domicile.

Proposed law provides that rules adopted by the board, other than those adopted to regulate the internal management of the board's affairs, must be adopted in accordance with the Administrative Procedure Act.

Effective upon signature of the governor or lapse of time for gubernatorial action.
