EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The bill eliminates a statutory provision that allows projects of less than \$1 M submitted after the November 1st deadline to be approved by the Joint Legislative Committee on Capital Outlay. The DOA would no longer be required to compile a list of projects that were submitted after the deadline; and staff who performed this task will now focus on feasibility analysis of capital outlay requests received by the statutory deadline.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
