DIGEST

Marionneaux (SB 334)

Present law defines a "bar" as a business that holds a Class A-General retail permit and the primary purpose of such business is to serve alcoholic beverages for consumption by guests on the premises and in which the serving of food is only incidental to the consumption of those beverages, including but not limited to, taverns, nightclubs, cocktail lounges, and cabarets.

Proposed law retains present law and further defines the term "incidental," for the purposes of the definition of a "bar," as meaning no more than ten percent of food items sold.

Present law provides for an exception to the prohibition of smoking in a public place or a bar.

Proposed law repeals present law.

Effective August 15, 2010.

(Amends R.S. 40:1300.253(1); repeals R.S. 40:1300.256(B)(5))
