Thibaut

HR No. 197

Requests the Board of Regents to study current law and board policies and procedures relative to the licensing and regulation of yoga teacher training facilities as proprietary schools, determine if such law, policies, and procedures provide sufficient authority to the board to make necessary distinctions among programs at such facilities as to those that meet the definition of being a proprietary school and those that do not, and make recommendations concerning any needed changes in law or in board policies and procedures on this issue.

Provides that the Board of Regents shall report in writing on study findings and recommendations to the House education committee by not later than 60 days prior to the start of the 2011 RS.
