

With regard to the TOPS-Tech Award, prior law required a student graduating from high school during the 2000-2001 school year and thereafter to have a composite score on the ACT of 17 or higher or an equivalent concordant value on any enhanced or revised version of such test or on the SAT.

New law retains prior law requirement and additionally provides any student graduating in 2010-11 and thereafter an alternative requirement of attainment of a silver level score on the ACT WorkKeys system assessments.

Effective July 1, 2010.
