**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Current law (LRS 43:111 D.(1)) states that "a public postsecondary educational institution annually may expend up to one-half of one percent of its total operating budget or one hundred thousand dollars, whichever amount is less, on advertising, provided such advertising is in furtherance of the duties and functions of the institution." The bill merely adds online and internet services and programs to allowable advertising expenditures.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
