## DIGEST

Present law, applicable to the Clerks' of Court Retirement and Relief Fund, provides for the reemployment of retirees. Provides that, except as otherwise provided in present law, a retiree receiving retirement benefits from the system may be temporarily reemployed by a clerk, but the retiree shall not be or become a member of the system during such reemployment.

Present law further provides that if the retiree is reemployed in any capacity for more than the equivalent of 60 working days during any calendar year, the retirement benefits shall be reduced by the amount he earned after 60 working days.

Proposed law retains present law.

Present law provides that, for a retiree temporarily reemployed by a clerk whose office is located in a parish designated under the Robert T. Stafford Disaster Relief and Emergency Assistance Act as eligible for individual assistance, or individual assistance and public assistance following hurricane Katrina or Rita, the reduction in benefits does not begin until the retiree has been reemployed for more than the equivalent of 180 working days during any calendar year. Further provides that this provision of present law shall expire on July 1, 2012, and thereafter shall be null and void and of no effect.

Proposed law retains present law for retirees reemployed by any clerk whose office is located in a parish other than Orleans.

Proposed law extends present law, allowing for reemployment for 180 days before benefit reduction begins, for any retiree who is reemployed by the Clerk of the Orleans Civil District Court on or before June 30, 2012.

Proposed law provides that proposed law shall expire on July 1, 2015, and thereafter shall be null and void and of no effect.

Effective June 30, 2012.
