
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Danielle Doiron.

DIGEST

Present law specifically permits the tax commission to appoint a secretary, at a salary fixed by the commission, who shall take the oath of office and furnish bond for such office at the expense of the commission, in the sum of \$10,000. Further permits the secretary to be an ex officio notary public for the state at large.

Proposed law deletes such appointment and all requirements thereof.

Effective upon signature of the governor or lapse of time for gubernatorial action.
