DIGEST

White (SB 538)

Present law provides that ANSI/ASHRAE/IESNA 90.1- 2004, or the latest edition adopted by the state fire marshal, pursuant to the provisions of the Louisiana Administrative Procedure Act, means the document developed by the American National Standards Institute, American Society of Heating, Refrigerating, and Air Conditioning Engineers, and the Illuminating Engineering Society of North America entitled Energy Standard for Buildings Except Low-Rise Residential Buildings.

Proposed law defines "ANSI/ASHRAE/IESNA 90.1" as the document developed by the American National Standards Institute, American Society of Heating, Refrigerating, and Air Conditioning Engineers, and the Illuminating Engineering Society of North America entitled Energy Standard for Buildings Except Low-Rise Residential Buildings.

Present law provides International Energy Conservation Code, 2006 edition or the latest edition adopted by the state fire marshal, pursuant to the provisions of the Louisiana Administrative Procedure Act, means the document developed by the International Code Council, Inc., entitled International Energy Conservation Code (IECC).

Proposed law provides International Energy Conservation Code, as the document developed by the International Code Council, Inc., entitled International Energy Conservation Code (IECC).

Proposed law retains present law and changes the latest edition of enforcement rules adopted by the fire marshal from 2004 to 2007.

Proposed law retains present law and changes the latest edition of enforcement rules adopted by the fire marshal from 2006 to 2009.

Effective August 1, 2012.

(Amends R.S. 40:1730.42 and 1730.45(A) and (B))

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Commerce, Consumer Protection, and International Affairs to the original bill.

1. Removes restriction that the state may not, by amendment, weaken energy

efficiency of the code.
