

Prior law authorized the commissioner to suspend or revoke any low or high alcoholic content permit if there is a misstatement or suppression of fact in the application for the permit.

New law retains prior law and further authorizes the suspension or revocation of any permit of an applicant that has intent to misstate or suppress information that may reveal any fact that is material to a suitability determination, or for knowingly supplying information that is false or misleading as to a material fact pertaining to the provisions of law that provide for the qualifications of applicants for permits.

Effective August 1, 2012.
