

Prior law provided that each video draw poker device be linked by telecommunication to a central computer for purposes of polling or reading device activities and for central computer remote shutdown of device operations.

New law retains prior law but requires that the gaming division obtain approval from the House Committee on the Administration of Criminal Justice and the Senate Committee on Judiciary B prior to awarding any new central computer system contract.

Effective August 1, 2012.

(Amends R.S. 27:302(A)(5)(o))
