Provides relative to qualifications of applicants for alcoholic beverage permits. (8/1/12)

Current law stipulates the qualifications for applicants for state and local alcoholic beverage permits issued by the LA Alcohol and Tobacco Control or a local entity, including a list of convictions, either state or federal, that would be disqualifiers. Current law also states that the licensee should be of good character.

Proposed law retains current law and states that the Commissioner may consider arrests in determining an applicant's character or reputation. Proposed law adds that a dual applicant for an alcohol permit and video gaming license may not be convicted of theft, crimes involving giving false statements or gambling (as defined by local, state or federal statute). Certain pardons, dismissals, etc., may allow the granting of a alcoholic beverage license but will not allow the granting of a video gaming license. Licensees have a duty to report violations, perceived or real. Once the permit is awarded, the bill appears to provide that suitability is maintained throughout the term of the permit, regardless of interim activity. The ATC will promulgate rules related to the appropriate use of alcoholic beverage vending machines.

EXPENDITURES	2012-13	2013-14	2014-15	2015-16	2016-17	5 -YEAR TOTAL

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. There will be no additional administrative costs to the department to include this background information in the application process. It is already considered in current practice when determining the character of the applicant.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
