HB No. 383

Abstract: Amends procedures for lease of a hospital owned by a hospital service district in Jefferson Parish.

Present law establishes the procedure for the sale or lease of a hospital owned by a hospital service district in Jefferson Parish. Requires the governing authority of the hospital service district to submit a proposition to approve the sale or lease of the hospital to the voters of the district. The sale or lease can only proceed if a majority of the voters of the district vote to approve the sale or lease.

Proposed law retains present law for the sale of a hospital owned by a hospital service district in Jefferson Parish. Proposed law exempts the lease of such hospital from present law.

Present law requires voter approval for the sale or lease of revenue-producing property by most local governments.

Proposed law provides that present law does not apply to the lease of a hospital by a hospital service district in Jefferson Parish. Specifically authorizes the governing authority of a district to approve such a lease by its own action.

Effective upon signature of governor or lapse of time for gubernatorial action.
