BONDS. Provides relative to the issuance of bonds to finance capital improvements for the Louisiana Community and Technical Colleges System. (2/3-C7s6(F)(1))(gov sig)

AN ACT

To amend and reenact R.S. 17:3394.3(A) and the introductory paragraph of (B) and to enact R.S. 17:3394.3(C) and R.S. 39:1367(E)(2)(b)(v), relative to the issuance of bonds for the financing of capital improvements and enhancements to certain facilities and properties of colleges within the Louisiana Community and Technical Colleges System; to list the projects to be financed; to require private match funds for such projects; to provide that no state funds shall be appropriated for such bonds or projects until July 1, 2015; to provide that such bonds shall not be included in the definition of net state tax supported debt; to provide for an effective date; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 17:3394.3(A) and the introductory paragraph of (B) are hereby amended and reenacted and R.S. 17:3394.3(C) is hereby enacted to read as follows:

§3394.3. Authority of board to execute agreements related to the finance of capital improvements and enhancements

A.(1) Projects contained in this Section may, at the direction of the board, be funded through the issuance of bonds, notes, or other evidences of
indebtedness or through financing programs heretofore or hereafter provided
by the Louisiana Local Government Environmental Facilities and Community
Development Authority, pursuant to R.S. 33:4548.1 et seq., or a public trust
duly organized pursuant to R.S. 9:2341 et seq., having for its beneficiary the
state, with the approval of the State Bond Commission.

(2) Bonds, notes, or other evidences of indebtedness may be issued as
serial bonds or as term bonds and shall bear such date or dates, mature at such
time or times, not exceeding thirty years from their respective dates, bear
interest at such rate or rates, including variable, adjustable, or zero interest
rates, be payable at such time or times, be in such denominations, be sold at
such price or prices, at public or private negotiated sale, after advertisement as
is provided for in R.S. 39:1421 et seq., be in such form, carry such registration
and exchangeability privileges, be payable at such place or places, be subject to
such terms of redemption, as may be provided in the indenture, trust
agreement, or resolution relating to such bonds. Bonds, notes, or other
evidences of indebtedness may be sold in such manner and from time to time as
may be determined by the issuer and the board to be most beneficial, subject to
approval of the State Bond Commission.

(3) Projects contained in this Section shall not be required to be included
in the annual comprehensive capital budget nor obtain legislative approval as
provided in R.S. 39:112(G).

(4) Construction projects contained in this Section shall be managed and
administered by a nonprofit corporation established for such purposes,
regardless of the source of revenues used to fund such construction projects.

(5) The board shall exercise its authority granted pursuant to R.S. 17:3361,
et seq., as may be necessary to provide for the completion of the projects enumerated
in this Section. The board may grant leases of property under its supervision to a
nonprofit corporation or to an entity authorized to issue bonds as set forth in
Paragraph (A)(1) of this Section for the purpose of financing such projects, and the
sum total amount to be financed therefor shall equal no more than the total value of
all projects listed herein, plus an amount equal to fifteen percent of such total,
together with other requirements including but not limited to costs of issuance,
capitalized interest, if any, credit enhancement and related costs.

Notwithstanding any provision of R.S. 17:3361, et seq., to the contrary, the term of
any lease agreement made for purposes of this Part shall not exceed thirty years.

No monies shall be appropriated for the purposes set forth in this Part for the
projects set forth in Subsection B of this Section until July 1, 2008.  No monies
shall be appropriated for the purposes set forth in this Part for the projects set
forth in Subsection C of this Section until July 1, 2015.

B. For the purposes of this Part, the following projects and the projects set
forth in Subsection C of this Section shall comprise the entirety of public facilities
and projects to be financed under the authorities of this Part and R.S. 17:3361 et seq.
with respect to these projects. The dollar value listed, plus an amount equal to fifteen
percent, together with other requirements including but not limited to costs of
issuance, capitalized interest, if any, credit enhancement and related costs, is the
maximum amount that may be financed for each of the following projects:

* * *

C. The projects set forth in Subsection B of this Section and the
following projects shall comprise the entirety of public facilities and projects to
be financed under the authorities of this Part and R.S. 17:3361 et seq., with
respect to these projects. Each project set forth below shall require a no less
than twelve percent private match. No project shall be financed until all private
funds are available for that project. The dollar value listed for each project,
plus an amount equal to fifteen percent, together with other requirements
including but not limited to costs of issuance, capitalized interest, if any, credit
enhancement and related costs, is the maximum amount that may be financed
for each of the following projects:

Section 2. R.S. 39:1367(E)(2)(b)(v) is hereby enacted to read as follows:

§1367. State debt; limitations

E. As used in this Section, the following terms shall have the following
   meanings ascribed to them unless the context clearly indicates otherwise:

   (2) "Net state tax supported debt" shall not mean:

   (v) Any bond, note, or other evidence of indebtedness issued for the
        purpose of financing the projects set forth in R.S. 17:3394.3(C) or any bonds
        issued to refund such bonds, notes, or evidence of indebtedness.

Section 3. This Act shall become effective upon signature by the governor or, if not
   signed by the governor, upon expiration of the time for bills to become law without signature
   by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
   vetoed by the governor and subsequently approved by the legislature, this Act shall become
   effective on the day following such approval.
Proposed law is the second phase of a program to improve and enhance the institutions of the Louisiana Community and Technical College System.

Proposed law authorizes, with the approval of the State Board Commission, the issuance of bonds, notes, or other evidences of indebtedness, or through financing programs heretofore or hereafter provided by the Louisiana Government Environmental Facilities and Community Development Authority or a public trust duly organized pursuant to R.S. 9:2341 et seq.

Proposed law provides that the bonds, notes, or other evidences of indebtedness may be issued as serial or term bonds and shall bear such date or dates, mature at such time or times, not exceeding 30 years from their respective dates, bear interest at such rate or rates, including variable, adjustable, or zero interest rates, be payable at such time or times, be in such denominations, be sold at such price or prices, at public or private negotiated sale, after advertisement as is provided for in R.S. 39:1421 et seq., be in such form, carry such registration and exchangeability privileges, be payable at such place or places, be subject to such terms of redemption, as may be provided in the indenture, trust agreement, or resolution relating to such bonds. Bonds may be sold in such manner and from time to time as may be determined by the issuer and the board to be most beneficial, subject to approval of the State Bond Commission.

Proposed law provides that projects contained in proposed law shall not be required to be included in the annual comprehensive capital budget nor obtain legislative approval as required in present law.

Proposed law provides that construction projects shall be managed and administered by a nonprofit corporation established for such purposes, regardless of the source of revenues used to fund such construction projects.

Proposed law provides that the sum total amount to be financed shall equal no more than the total value of all projects listed in proposed law, plus an amount equal to 15% of such total, together with other requirements including but not limited to costs of issuance, capitalized interest, if any, credit enhancement and related costs. Proposed law provides that no monies shall be appropriated for new projects and the purposes set forth in proposed law until July 1, 2015.

Proposed law provides that projects listed in proposed law which are to be financed through the sale of bonds shall require a no less than 12% private match. No project shall be funded until all private funds are available for that project. The dollar value listed in proposed law for each project, plus an amount equal to 15%, together with other requirements including but not limited to costs of issuance, capitalized interest, if any, credit enhancement and related costs, is the maximum amount that may be financed for each of the projects.

Present law limits the issuance of net state tax supported debt and prohibits the issuance of such debt if the amount of the debt service exceeds 6% of the estimate of money to be received by the state general fund and dedicated funds for each respective fiscal year as contained in the official forecast adopted by the Revenue Estimating Conference at its first meeting after the beginning of each fiscal year.

Present law defines "net state tax supported debt" to mean all of the following debt
obligations issued by the state or any entity in the state for which the state is legally obligated to make debt service payments, either directly or indirectly: (i) general obligation bonds secured by the full faith and credit of the state; (ii) debt secured by capital leases of immovable property payable by the state or annual appropriations of the state; (iii) debt secured by statewide tax revenues or statewide special assessments; (iv) any funds advanced by a political subdivision in accordance with R.S. 47:820.2 (TIMED fund); and (v) bonds secured by self-supported revenues which in the first instance may not be sufficient to pay debt service and will then draw on the full faith and credit of the state.

Present law defines "net state tax supported debt" to not mean: (i) any obligations owed by the state pursuant to the State Employment Security Law; (ii) cash flow borrowings payable from revenue attributable to one fiscal year; (iii) any bond or note, including refunding bonds or notes, issued by the state pursuant to Act 41 of the 2006 1st E.S. (which authorized the issuance of state debt to assist political subdivisions ravaged by Hurricanes Katrina and Rita); (iv) any bond or other evidence of indebtedness issued pursuant to R.S. 23:1532.1 pertaining to bonds secured by a special assessment on employers to finance the outstanding principal amount advanced to the state from the federal account of the Unemployment Trust Fund.

Proposed law provides that the definition of "net state tax supported debt" for purposes of the state's debt limit does not include bonds, notes, or other evidences of indebtedness issued for the purposes set forth in proposed law or any bonds issued to refund such bonds, notes, or other evidences of indebtedness.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 17:3394.3(A) and (B) (intro para); adds R.S. 17:3394.3(C) and R.S. 39:1367(E)(2)(b)(v))
