HB No. 780

**Abstract:** Includes Student Scholarship for Education Excellence Program in scholarship priority and definition of "qualified student" and specifies that the requirement of a school tuition organization to ensure the portability of a scholarship and the proration of the scholarship amount only applies to qualified schools served by the school tuition organization.

Present law authorizes a rebate for donations a taxpayer makes to a school tuition organization (STO) which provides scholarships to qualified students to attend a qualified school. The amount of the rebate is equal to the actual amount of the taxpayer's donation used by an STO to fund a scholarship to a qualified student.

Present law provides relative to the requirement that an STO provide scholarships to qualified students on a first-come, first served basis with priority given to students who received a scholarship the previous year.

Proposed law specifies, with respect to the priority given to students who received a scholarship the previous year, that the scholarship was from either the STO or the Student Scholarships for Educational Excellence Program.

Present law requires an STO to ensure that scholarships granted to qualified students are portable during the school year and can be used at any qualifying school that accepts a qualified student. Authorizes the scholarship amount to be prorated if a parent desires their student to move to a new qualified school during a school year.

Proposed law specifies that the STO's obligation to ensure that the scholarship is portable and that tuition amount is prorated only applies to a qualifying school served by the STO.

Present law defines a "qualified student" as a child who is a member of a family that resides in La. with a total household income that does not exceed an amount equal to 250% of the federal poverty level based on the federal poverty guidelines. A qualified student shall also be a student who is entering kindergarten for the first time, a student who attended a public school the previous year, or a student who received a scholarship from a school tuition organization for the previous school year.

Proposed law retains present law but adds to the definition of a "qualified student", a student who received a scholarship from the Student Scholarships for Educational Excellence Program.

(Amends R.S. 47:6301(B)(1)(c)(iv)and (viii) and (3))
